## Bridging Vocabulary

*Focus on Vocabulary 1: Bridging Vocabulary* is a research-based vocabulary textbook that gives intermediate to high-intermediate students hands-on preparation for understanding mid-frequency vocabulary, such as that found in novels, newspapers, films, and social and workplace settings. Through excerpts from popular material and well-crafted exercises, English learners focus on mid-frequency vocabulary—504 word families in all. To help students reach a fuller understanding of the new vocabulary, each chapter provides a series of exercises on word meaning, word families, and collocation.

### Features

- Seven units focus on a variety of subject areas, such as the mind, design, celebrity, and the environment.
- The start of each main chapter features an *Assessing Your Vocabulary Knowledge* section, which helps students determine their level of familiarity with that chapter's twenty-four target words. Students reassess their familiarity with the words at the end of the chapter.
- Each main chapter carefully recycles target words a minimum of four times in the reading passage and throughout the sections that follow: Reading Comprehension, Word Meaning, Word Families, Collocation, and Expanding the Topic.
- At the end of each unit, a *Strategy Practice* chapter offers tips for dictionary use, essay writing, and other vocabulary-related tasks.
