Corporate Risk Management Dietmar Ernst,Joachim Häcker,2024-11-09 In times of crisis risk management is more important than ever In addition companies are obliged to identify quantify and aggregate risks as part of a risk management system Legal and auditing standards have set the framework for doing so This book uses a case study to show step by step how risks can be analyzed and quantified with the help of Microsoft Excel The book begins with the graphical representation of risks and the calculation of risk parameters such as the value at risk It subsequently aggregates different risks into an overall risk using Monte Carlo simulation Hedging risks is also explained and how non hedgeable risks can be integrated into a business plan The assessment of extreme risks is also addressed as is the modeling of volatilities The book is aimed at students of business administration with a focus on finance

Global Perspectives on Military Entrepreneurship and Innovation Ojo, Sanya,2021-02-19 Like other organizations across the world military establishments apply the concept of entrepreneurship to

day to day activities However literature on the topic runs thin creating a gap in the research on this area of military involvement in entrepreneurship These studies focus heavily on three topics ex military officers in entrepreneurship entrepreneurial minded individuals still in the military and military spouses as successful entrepreneurs It is essential that researchers interrogate these three areas across different locational contexts for a clear representation and understanding of the many forms of military entrepreneurship This research focuses on outcomes the entrepreneurial process economic activities and ontological directions Military entrepreneurship is cross cultural spans varied locations and is linked to retired retiring serving military personnel and military spouses Global Perspectives on Military Entrepreneurship and Innovation builds on existing theoretical and empirical studies in the areas of entrepreneurship and military business and enterprise to interrogate the concepts of military entrepreneurship veteran entrepreneurship military spouse entrepreneurship or military women entrepreneurship and retirees entrepreneurship The book is a collection of studies on military entrepreneurship treating the subject with emphasis on metacognition and interrogates differences in metacognitive processing across cultures and values relating to military entrepreneurship The chapters cover various concepts in military entrepreneurship and promote entrepreneurship research within the military ecosystem This book is ideal for military personnel entrepreneurs managers practitioners researchers academicians and students interested in the concept of military entrepreneurship and innovation narratives
