decade Concurrent with the economic revolution and subsequent financial crash an immense interest in the island of Ireland and her cultural practices has been apparent from parts of the globe and academic debate on Irish culture and society has been intense and prosperous This volume contains a number of essays which approach a variety of issues raised within the framework of post Celtic Tiger Ireland with contributions from scholars working in Europe The book is divided into four sections on Trauma Studies on the relationship between Ireland with Europe and the rest of the world on Audiovisual Studies and on Ireland and the Celtic Tiger The essays reflect a variety of issues which are of great relevance to an understanding of the world of Irish Studies at the end of the first decade of the twenty first century      **"Blighted Beginnings"** Jonathan Bolton,2010 This book also looks at how authors have persistently used the bildungsroman to complicate and challenge the idealization of the family exposing the divorce ban as symptomatic of an unrealistic notion of domestic inviolability This study concludes with a discussion of the future of the bildungsroman in a country that has transcended many of its formative crises This chapter considers Doyle's *A Star Called Henry* as a text that inaugurates a new phase in Irish coming of age narratives in which many of the problems of Irish life formerly treated so earnestly and tragically can be a source of play and humor By looking at a comprehensive range of novels by writers like Sean O Faolain Elizabeth Bowen Edna O'Brien and William Trevor as well as lesser known figures like Eimar O Duffy Francis MacManus and Mary Morrissy *Blighted Beginnings* traces the evolving concerns of Irish writers as they pushed for a greater accommodation of individual freedoms and aspirations

BOOK JACKET      *Words of Crisis, Crisis of Words* María Losada Friend,Pilar Ron Vaz,Auxiliadora Pérez Vides,2016-04-26 This volume offers a collection of papers dealing with how adversities have been tackled and expressed artistically from various perspectives in Ireland Taken together the many approaches to critical times provided here prove how surrounded by outbursts of pessimism financial hecatombs and individual and collective discouragement the academic community can find meaning in hard intellectual work and in serious updated research The chapters here are authored by scholars specialised in Irish Studies and provide reflections and discussions on the broad topic of crisis and Ireland its description and representation and the different ways in which difficulties have been discussed imagined or even solved      **The Complete Index to Literary Sources in Film** Alan Goble,2011-09-08 No detailed description available for The Complete Index to Literary Sources in Film      *Contemporary Novelists* M. Hutton,2012-09-19 Peter Childs offers accessible analyses of the work of twelve prominent contemporary British writers including Hanif Kureishi Pat Barker Zadie Smith and Jeanette Winterson This expanded second edition has been revised and updated throughout and now also features a new chapter on the younger generation of novelists born in the 1970s      *Irish Writing in the Twentieth Century* David Pierce,2000 With five Nobel Prize winners seven Pulitzer Prize winners and two Booker Prize winning novelists modern Irish writing has contributed something special and permanent to our understanding of the twentieth century Irish Writing in the Twentieth Century provides a useful comprehensive and pleasurable introduction to modern Irish literature in a single volume

Organized chronologically by decade this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected. It embraces all forms of writing not only the major forms of drama fiction and verse but such material as travel writing personal memoirs journalism interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland's contribution to our literary heritage. David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora. The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available. The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into.

**The Irish Garden** Peter Dale, 2018-10-30 Don't leave yet. Let there be one more piece of magic to remember the place by. Is there something especially Irish about Irish gardens? The climate, soils, availability of plants and skills of green-fingered people generate an unusually benign environment. It's true but not one that is unique to Ireland. Irish gardens tend to avoid magnificence in favour of a quiet and domesticated beauty but that is not peculiar to Ireland either. Strains of Irishness run through these gardens like seams of ore. Seen not just as zones of horticultural bravura but also as reflections of historical, cultural, political and religious events and values, the gardens accrue an unusual richness of surface and depth of meaning. Atmospherically illustrated by Brian Lalor, *The Irish Garden* wanders into individual gardens rather than presenting a sweeping chronology. This book is a rhapsody on themes of Irishness as if the spirit and soul of Ireland itself were sometimes more visible in these places than in the more conventionally visited locations of battlefields, breweries and bars.

*Irish National Cinema* Ruth Barton, 2004-07-31 From the international successes of Neil Jordan and Jim Sheridan to the smaller productions of the new generation of Irish filmmakers, this book explores questions of nationalism, gender identities, the representation of the Troubles and of Irish history as well as cinema's response to the so-called Celtic Tiger and its aftermath. *Irish National Cinema* argues that in order to understand the unique position of filmmaking in Ireland and the inheritance on which contemporary filmmakers draw, definitions of the Irish culture and identity must take into account the so-called Irish diaspora and engage with its cinema. An invaluable resource for students of world cinema.
