

# POEM: FOOTBALL

Upon the lush green field they stand,  
A game of unity, across the land.  
With skilled maneuvers and teamwork true,  
They chase the ball, the goal in view.

The crowd roars loud with every goal,  
In passion's grip, heart and soul.  
From dawn till dusk, they play with might,  
In this arena, under the sunlight.

Passes swift, and headers high,  
Underneath the open sky.  
A sport that teaches lessons vast,  
Perseverance, in every blast.

Young players learn as they compete,  
Victory's joy, and even defeat.  
Football, a game of strength and grace,  
In this lively, competitive space.

So let the passion ignite the flame,  
In this beautiful and spirited game.  
Football, the joy it brings so keen,  
A sport that bonds, a vibrant scene.

Reading Poetry Tom Furniss, Michael Bath, 2022-04-06. Reading Poetry offers a comprehensive and accessible guide to the art of reading poetry. Discussing more than 200 poems by more than 100 writers ranging from ancient Greece and China to the twenty-first century, the book introduces readers to the skills and the critical and theoretical awareness that enable them to read poetry with enjoyment and insight. This third edition has been significantly updated in response to current developments in poetry and poetic criticism and includes many new examples and exercises, new chapters on world poetry and eco poetry and a greater emphasis throughout on American poetry, including the impact traditional Chinese poetry has had on modern American poetry. The seventeen carefully staged chapters constitute a complete apprenticeship in reading poetry, leading readers from specific features of form and figurative language to larger concerns with genre, intertextuality, Caribbean poetry, world poetry and the role poetry can play in response to the ecological crisis. The workshop exercises at the end of each chapter, together with an extensive glossary of poetic and critical terms and the number and range of poems analysed and discussed (122 of which are quoted in full), make Reading Poetry suitable for individual study or as a comprehensive self-contained textbook for university and college classes.

*Poetry and Pedagogy across the Lifespan* Sandra Lee Kleppe, Angela Sorby, 2018-10-08. This book explores poetry and pedagogy in practice across the lifespan. Poetry is directly linked to improved literacy, creativity, personal development, emotional intelligence, complex analytical thinking, and social interaction—all skills that are crucial in contemporary educational systems. However, a narrow focus on STEM subjects at the expense of the humanities has led educators to deprioritize poetry and to overlook its interdisciplinary, multi-modal potential. The editors and contributors argue that poetry is not a luxury but a way to stimulate linguistic experiences that are formally rich and cognitively challenging. To learn through poetry is not just to access information differently but also to forge new and different connections that can serve as reflective tools for lifelong learning. This interdisciplinary book will be of value to teachers and students of poetry as well as scholars interested in literacy across the disciplines.
