Productive Leadership Roy L. Spore, 2021-10-07 Productive Leadership is a celebration of the small churches of America and the lasting legacy they have provided for the Christian landscape Combining attributes of proven leadership with stories from the New Testament it provides a practical guide for developing and maintaining fruitful ministry and is written for lay and clergy leaders in these small to mid size churches Utilizing experiences from actual ministry situations it uses both successes and failures to learn how to work together taking the reader from assessing the cultural values of a church through discerning God's vision for ministry and working together in leadership Complete with step by step exercises for individuals councils and committees the various chapters form a map for developing effective ministry in what often seems to be a futile mission field Readers are invited to examine leadership qualities by identifying their own characteristics and competencies and how they are best used in working within the ministry of their local church Well suited for individual readers it is also a valuable resource for church councils to discover how they can best work together toward the fulfillment of their mission making the most productive use of their time and resources Anyone interested in the future ministry of small churches will find this book to be a valuable resource *Formational Leadership* Marcus K. Kilian, 2018-07-17 This book addresses the problem of toxic leadership in Christian contexts Toxic leadership behaviors of narcissistic and obsessive compulsive leaders will be emphasized To counteract toxic Christian leadership this book proposes a leadership development model called formational leadership which is based mostly on Wesleyan spirituality but also includes monastic and Pentecostal spiritualities Formational leadership is an eclectic leadership development model that includes components of transformational authentic and primal leadership approaches Formational leadership emphasizes the spiritual emotional and ethical development processes in the leader and includes an analysis of orthokardia orthodynamis and orthopraxis These components have a circular relationship with one another Orthokardia includes the concepts of spiritual and emotional maturity that a Christian leader needs to develop in order to become an ethical and effective leader Orthodynamis includes right power and influence motives based on Christian affections that should inform formational leadership Orthopraxis refers to right and just leadership behaviors informed by Wesley's social holiness and justice values that need to be adopted as

organizational core values The implications of these components for leadership development are outlined in chapters 4 6 that include practical steps for helping toxic leaders change their dysfunctional and harmful intentions and behaviors

Becoming Barnabas Paul Moots, 2004-10-30 Western culture has made a cult of success and the church has accepted the larger culture's definition focusing on success as growth in membership and budget rather growth in faithfulness as disciples of Jesus When we do not measure up we become discouraged disillusioned and perhaps even envious Moots details numerous examples to show how the ministry of encouragement offers a workable effective pattern for church leadership I am convinced he writes that accepting Barnabas as my model has changed my ministry for the better and that Barnabas's example can benefit any pastor and congregation who take his lessons seriously Barnabas and his ministry of encouragement offer us a focus for the vital messy and exhilarating work required of us as faith communities **Take the**

Next Step Lovett H. Weems Jr., 2011-07-01 Learn how to work for genuine and effective change in your church without trying to throw out everything that has gone before Pastors and other congregational leaders are eager to institute meaningful and effective change in their congregations They know that old attitudes and perspectives prevent the church from fulfilling its mission to make disciples of Jesus Christ Yet too often church advocates insist that if genuine change is to occur in the church then everything must change The board must be wiped clean and new technologies new worship styles and even new theologies must replace what has come before The problem with such calls for radical change says Lovett Weems Jr is that they are not true to the way that genuine and lasting change takes place Like every other organization churches rest on a cultural foundation of shared assumptions values and practices The paradox of successful change is that this foundation is at the same time the source of resistance to change and what makes change possible Lasting transformational change grows out of the congregation's current sense of its story and its mission Transformational leaders know how to build on the church's identity making new ministries and emphases the natural extension of what has gone before In other words they know how to make the story of change the next chapter in the book of the congregation's life rather than throwing the book away and trying to start over An astute student of management and leadership theory Weems

Dealy,Andrew R. Thomas,2004-03-30 What makes a great boss Bosses don t become great because of their title rank degree of authority office size or benefits package Great bosses aren t even necessarily great managers Instead they possess a set of core competencies that set them apart from mere managers The skill set of great bosses entails five qualities they do the right thing for the right reason they never make the same mistake twice they set their personal expectations higher than those of their bosses they go to their bosses with action plans not problems and they follow up If a boss has only one of these characteristics he or she is probably very successful But application of all five defines what it means to be a great boss to be successful in good times and bad through change and adversity and to be recognized as such by the people you work for as well as by the people who work for you **Bearing Fruit** Tom Berlin,Lovett Hayes Weems,2011 Discover how to assess ministry so that it leads congregations to fruitfulness and effectiveness **Religious Leadership** Sharon Henderson Callahan,2013-06-20 This title tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths **Focus** Lovett Hayes Weems,2012 What decisions must be made now if The United Methodist Church is to have a future **You Only Have to Die** Rev. Dr. James A. Harnish,James A. Harnish,2010-09-01 A moving testimony to how a church can experience rebirth by discerning its core mission The key to becoming a Spirit energized people loving life giving community transforming congregation says James A Harnish is really very simple All you have to do is be willing to die This ebook describes how God calls each congregation to a specific mission how God grants discernment to understand what that mission is and how God enables the congregation to die to its entrenched attitudes and behaviors in order to be resurrected to a new life of ministry

and witness Wesleyan Leadership in Troubled Times David L. McKenna, 2002 Christians are to be in the world not of the world But worldly self interest has crept into the church The ultimate goals of filling empty pews constructing bigger buildings and ultimately gaining greater glory for the church itself are disguised by seemingly altruistic strategies like church planting and marketing the Gospel Wesleyan Leadership in Troubled Times calls the church to be holy and whole in motive mission and ministry McKenna challenges the church to confront our self interested culture with the self sacrificing love of Jesus Christ Spiritual Leadership David Spencer Huffstutler, 2016-12-14 How should we see the Spirit at work in spiritual leaders today How did the Spirit work through spiritual leaders in the Bible While many books on spiritual leadership look at the culture around us and offer sound advice from biblical principles this study asks Scripture first what the Spirit did through spiritual leaders in the Bible in order to figure out what the Spirit should be doing through spiritual leaders today Leadership and Governance in Nigeria , 2002 **Church on the Edge of Somewhere** George B. Thompson Jr., 2007-11-19 Most congregations today exist in what George Thompson calls the middle of anywhere They live comfortably with their surrounding culture focusing their energies on serving the needs of their current members These congregations have many strengths and gifts that they can exercise without changing a thing But Thompson envisions a deeper more prophetic call for congregations to explore the meaning of being in the world but not of it a church on the edge of somewhere Thompson sees a church that is deeply engaged in ministering to the community while calling on others to commit to doing the same By analyzing the interaction between a congregation s focus of identity and their stance with the world Thompson has created a helpful grid for congregations to place themselves on today s cultural map A congregation that sees itself as existing on the margins of society will look different than one that sees itself as embedded in society A congregation that hears a call to serve the surrounding community will look different from one that focuses on its internal needs Knowing where they stand now is the key for congregations to discover where they must go in the future to fully live out their call to be God s people in the world **Women, Church, and Leadership: New Paradigms** Eunjoo Mary Kim, Deborah Beth Creamer, 2012-04-06 This book is about leadership a scholarly and pastoral response to the urgent demand for the renewal of the contemporary Christian church It challenges readers to articulate the identity and vision of the church in new ways and encourages them to revitalize their ministry with fresh insight and passion from women s perspectives The eight essays written by female scholars in relation to various areas of theological study and the nine pastoral responses to the essays written by ministers from seven different denominations based on their experiences of actual ministerial settings provide new paradigms of church leadership theologically profound practically relevant and historically timely This volume a product of a collaborative process between academia and church promises to be a most useful resource to renew the leadership of the church and its vocational commitment to the transformation of the church and society **The Future of the United Methodist Church** Scott J. Jones, Bruce R. Ough, 2010 This book offers a renewed

vision and practical steps for United Methodists to work together in mission and ministry These bishops of The United Methodist Church urge congregations to stand together under God s grace to lead others to vibrant faith steadfast hope and joyful living The authors call for a new partnership with God to bring God s reign to fruition for all God s people With concrete guidance about how to create and transform disciples readers are invited to travel the path that leads to the abundant living that Jesus talked about This book will also inspire and motivate congregations to work together to be a vibrant presence in their neighborhoods and communities The Seven Pathways were created by the United Methodist bishops and presented at the 2008 General Conference as a vision statement for the Church Contributors include Bishops Sharon Brown Christopher Gregory Vaughn Palmer G Lindsey Davis Robert Schnase Scott J Jones Hee Soo Jung E James Swanson Sr Minerva G Carcano Thomas J Bickerton and Bruce R Ough The seven pathways are Planting New Congregations Transforming Existing Congregations Teaching the United Methodist Way Strengthening Clergy and Lay Leadership Children and Poverty Expanding Racial Ethnic Ministries and Eliminating Poverty by Stamping out Disease
