Temples and Sanctuaries from the Early Iron Age Levant William E. Mierse, 2012-10-15 The vision for this impressive work on temple architecture in the Levant grew out of the author's work on Roman temple designs on the Iberian Peninsula and continual references to Semitic influences on the designs of sanctuaries both on the Peninsula and in North Africa. It was assumed that Phoenician colonization had brought with it the full flowering of Levantine architectural forms. As Mierse began to search for relevant material on the ancient Levant, however, he discovered that no overall synthesis had ever been written and it was virtually impossible to recognize and isolate Semitic elements in architectural forms. This book addresses this need. The analysis presented here is comparative and follows the methodology most commonly employed by architectural historians throughout the twentieth century. It is a formalist approach and permits the isolation of lines of continuity and the detection of discontinuity. While Mierse relies heavily on this traditional method, he also introduces some approaches from the postprocessual school of archaeology in its attempts to discern an appropriate way for cult to be investigated by archaeology. The sanctuaries that this book presents were erected between the end of the Late Bronze Age (conventionally assigned the date of 1200 B.C.E.) and the annexation of the Levantine region into the Assyrian Empire when Mesopotamia again became highly influential in the region. The topic concerns temples that were produced during the period when the Levant was its own entity and politically independent of Egypt, Mesopotamia, or Anatolia. During this period, the designs chosen for inclusion in this book must reflect local choices rather than resulting from imposed outside concepts. The architecture that emerged in the wake of the downfall of the Late Bronze Age and the subsequent reemergence of social cohesiveness manifested significant changes in form and function. The five centuries under review reveal exciting developments in sacred architecture and show that although the architects of the first millennium B.C.E. maintained important lines of continuity with the developments of the previous two millennia, they were also capable of creating novel forms to meet new needs. Included in this fascinating volume are 90 pages of photos, drawings, floor plans, and maps.

[Zion, City of Our God](#) Richard S. Hess,Gordon J. Wenham,1999 For three thousand years Jerusalem has held a special place in the hearts of Jews and Christians More than any other site in the Bible Jerusalem signifies God s judgment and hope It is the focus of much of the

Old Testament and acquaintance with this background is essential for understanding the importance of the city in Jesus time in our own age and in the prophecies of the world to come      **Zondervan Illustrated Bible Backgrounds Commentary: Esther** John H. Walton, 2009 After a brief essay that introduces each book a verse by verse commentary follows Drawing upon linguistic analysis archaeological evidence history other ancient Near Eastern literatures and the like the commentary provides the historical and cultural background against which the texts can be read and understood from publisher description      Mary Magdalene Never Wore Blue Eye Shadow Amanda Hope Haley, 2019-10-15 Truth Legend and the Stories You Thought You Knew Tradition suggests Mary Magdalene was a prostitute and Jesus was born in a barn But what does the Bible really say Armed with her theology degree archaeological experience and sharp wit Amanda Hope Haley clears up misconceptions of Bible stories and encourages you to dig into Scripture as it is written rather than accept versions altered by centuries of human interpretations Providing context with native languages historical facts literary genres and relevant anecdotes Haley demonstrates how Scripture when read in its original context is more than a collection of fairy tales or a massive rule book It s God s revelation of Himself to us She teaches you to understand how the books of the Bible were written transmitted and translated recognize the differences between genuine Scripture and popular doctrines boldly seek God in His own words ask questions of tradition and find answers in the texts grow in your understanding of God and appreciation of the Bible s intimate and complex revelation of His nature It s time to abandon the gods of tradition and meet God in His Word      *Sacred Landscapes of Hittites and Luwians* Anacleto D'Agostino, Valentina Orsi, Giulia Torri, 2015 Known from the Old Testament as one of the tribes occupying the Promised Land the Hittites were in reality a powerful neighbouring kingdom highly advanced in political organization administration of justice and military genius with a literature inscribed in cuneiform writing on clay tablets and with a rugged and individual figurative art Newly revised and updated this classic account reconstructs a complete and balanced picture of Hittite civilization using both established and more recent sources      Understanding Syria through 40 Monuments Ross Burns, 2024-06-27 How can a nation s archaeological treasures help explain its history especially one as richly complex as Syria s Ross Burns chooses 40 among Syria s outstanding range of sites accompanied by over 200 colour illustrations to take the reader through the tangled paths of this crossroads of the eastern Mediterranean where numerous world cultures intersected Given the last 12 years of savage conflict the author reports too on the plight of many of these monuments addressing the common but unhelpful assumption that much of the country s archaeological treasures have been destroyed A better approach is to recognise that Syria s heritage can play a role in the country s recovery and cannot simply be declared a write off This is a history which tells us much about how Syria s mixture of traditions defy simplistic categorisation through modern definitions of cultures and identities      The Origin of Israelite Zion Theology Antti Laato, 2018-08-23 In this examination of Zion theology and how it arises in the book of Psalms Antti Laato s starting point is that the Hebrew Bible is the product of the exilic and postexilic times which nonetheless

contains older traditions that have played a significant role in the development of the text Laato seeks out these older mythical traditions related to Zion using a comparative methodology and looking at Biblical traditions alongside Ugaritic texts and other ancient Near Eastern material As such Laato provides a historical background for Zion theology which he can apply more broadly to the Psalms In addition Laato argues that Zion related theology in the Psalms is closely related to two events recounted in the Hebrew Bible First the architectural details of the Temple of Solomon 1 Kings 6 7 which can be compared with older mythical Zion related traditions Second the religious traditions related to the reigns of David and Solomon such as the Ark Narrative which ends with David s transfer of the Ark to Jerusalem 2 Sam 6 From this Laato builds an argument for a possible setting in Jerusalem at the time of David and Solomon for the Zion theology that emerges in the Psalms

**The Origins of Judaism, Christianity and Islam** John Pickard,2021-12-22 There has never been a more important time for a study of the social economic and political origins of Judaism Christianity and Islam three important world religions which share a common root This book takes as its starting point the idea that gods angels miracles and other supernatural phenomena do not exist in the real world and therefore cannot explain the origins of these faiths It looks instead at the material conditions at appropriate periods in antiquity and the social and economic forces at work and it examines the historicity of key figures like Moses Jesus and Mohammed This is a unique book which draws on the research knowledge and expertise of hundreds of historians archaeologists and scholars to create a synthesis that is completely coherent and at the same time is based on real world social conditions It is a book by a non believer for other non believers and it will be a revelatory read even to those already of an atheist agnostic or secularist persuasion
