

IntelliDry REGULAR automatically senses the moisture in the load and shuts off when the selected dryness level is reached. This cycle is designed for loads such as towels, underwear, t-shirts, jeans, etc. Set the control to the desired dryness level (more dry – less dry). The triangle symbol, ▲, between more dry and less dry is the initial preferred setting for the majority of loads.

TIME DRY/AIR FLUFF may be selected for any load if the *IntelliDry* sensor system is not desired. Set the control to the desired number of minutes.

DAMP DRY is designed to "partially" dry items. It provides approximately 20 minutes of heated tumbling and 5 minutes of cool down tumbling without heat.

WRINKLE RELEASE will release wrinkles from items that are clean and dry but slightly wrinkled, such as from a crowded closet or suitcase or from sitting in the dryer too long after the end of the cycle. It provides 10 minutes of heated tumbling and 5 minutes of cool down tumbling without heat.

Maytag Neptune User Guide
