perspectives from musicology ethnomusicology theology anthropology performance studies history and postcolonial scholarship to show how the hymn has perpetuated generated and challenged racial identities The global range of contributors cover a variety of historical and geographical contexts with case studies from China and Brazil to Suriname and South Africa They explore the hymn as a product of imperialism and settler colonialism and as a vehicle for sonic oppression and or resistance within and beyond congregational settings The volume contends that the lived tradition of hymn singing with its connections to centuries of global Christian mission is a particularly apt lens for examining both local and global negotiations of race power and identity It will be relevant for scholars interested in religion music race and postcolonialism

Sound Advice Jean Ashworth Bartle, 2003-03-06 Sound Advice is a valuable resource for college students beginning teachers and experienced conductors of children's choirs It covers the vast array of skills needed by today's conductor and will benefit all choir directors who want their choirs to reach a higher level of artistry This book will be useful on many levels for the college student studying the child voice and elementary teaching methods for the teacher beginning to direct choirs in schools synagogues churches and communities for experienced children's choir directors who wish to know more about orchestral repertoire for treble voices conducting an orchestra and preparing a children's choir to sing a major work with a professional orchestra The underlying educational philosophy is sound the author sees development of musicianship through singing as the primary goal of a children's choir program This philosophy differs dramatically from the traditional concept of the conductor as all knowing and the singers as receptacles An outstanding aspect of the book is how the author leads the reader to an understanding of how to teach musicianship Developing literacy in the choral setting is a mysterious amorphous process to many conductors but the author clearly outlines this important process with practical suggestions well documented examples and a clear reading style which will reach readers on many levels The comprehensive repertoire skill building sheets and programs for all types of children's choirs will provide teachers with immediate and highly valuable resources *The people's Service of Song, a Tune Book for the Pew. The harmonies revised by G. Hogarth, the whole edited by J. Curwen. Piano forte and full Score Edition* John Curwen, 1853

The World of South African Music Christine Lucia, 2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those

who are looking to find a way into the world of South African music **Musical News** ,1897 *Catalogue of (printed) music. Music. Accessions, pt.[1]-94* British museum dept. of pr. books,1884 *Singing for Schools and Congregations: a course of instruction in vocal music. By J. Curwen* John Curwen,1848 Musical News and Herald ,1923 *Scripture and Song in Nineteenth-Century Britain* James Grande,Brian H. Murray,2023-11-16 This volume brings together new approaches to music history to reveal the interdependence of music and religion in nineteenth century culture As composers and performers drew inspiration from the Bible and new historical sciences called into question the historicity of Scripture controversies raged over the performance publication and censorship of old and new musical forms From oratorio to opera from parlour song to pantomime and from hymn to broadside nineteenth century Britons continually encountered elements of the biblical past in song Both elite and popular music came to play a significant role in the formation regulation and contestation of religious and cultural identity and were used to address questions of class nation and race leading to the beginnings of ethnomusicology This richly interdisciplinary volume brings together musicologists historians literary and art historians and theologians to reveal points of intersection between music religion and cultural history **Essays on Indian Music** Raj Kumar,2003 Contents Introduction Music Ancient Indian Music and Man Indian Music Man and the Aesthetics of Indian Music Dance Drama and Music Indian Dance The Background Indian Dance Theory and Practice Music An Expression of Man s Creative Genius The Search for Divinity in Khayal Aspirations of the Ideal Musician The Agra Gharana Man s Response to Rhythm Folk Music of Some Indian States Music for Posterity and Role of the Notation **Parliamentary Papers** Great Britain.
