## **Human Geography Journal:**

*A Dictionary of Human Geography* Noel Castree, Rob Kitchin, Alisdair Rogers, 2013-04-25 This new dictionary provides over 2 000 clear and concise entries on human geography covering basic terms and concepts as well as biographies organisations and major periods and schools Authoritative and accessible this is a must have for every student of human geography as well as for professionals and interested members of the public

*International Encyclopedia of Human Geography*, 2009-07-16 The International Encyclopedia of Human Geography provides an authoritative and comprehensive source of information on the discipline of human geography and its constituent and related subject areas The encyclopedia includes over 1 000 detailed entries on philosophy and theory key concepts methods and practices biographies of notable geographers and geographical thought and praxis in different parts of the world This groundbreaking project covers every field of human geography and the discipline's relationships to other disciplines and is global in scope involving an international set of contributors Given its broad inclusive scope and unique online accessibility it is anticipated that the International Encyclopedia of Human Geography will become the major reference work for the discipline over the coming decades The Encyclopedia will be available in both limited edition print and online via ScienceDirect featuring extensive browsing searching and internal cross referencing between articles in the work plus dynamic linking to journal articles and abstract databases making navigation flexible and easy For more information pricing options and availability visit [http://info.sciencedirect.com/content/books/ref\\_works](http://info.sciencedirect.com/content/books/ref_works) coming Available online on ScienceDirect and in limited edition print format

Broad interdisciplinary coverage across human geography Philosophy Methods People Social Cultural Political Economic Development Health Cartography Urban Historical Regional Comprehensive and unique the first of its kind in human geography

*Exploring Human Geography* Stephen Daniels, Roger Lee, 2014-05-01 A lively and stimulating resource for all first year students of human geography this introductory Reader comprises key published writings from the main fields of human geography Because the subject is both broad and necessarily only loosely defined a principal aim of this book is to present a view of the subject which is theoretically informed and yet recognises that any view is partial contingent and subject to change The extracts selected are accessible and raise issues of method and theory as well as fact The editors have chosen articles that not only represent main currents in the present flow of academic geography but which are also responsive to developments outside of the discipline Their selection contains a mixture of established and recent writings and each section features a contextualizing introduction and detailed suggestions for further reading

**Teaching Human Geography** Gary S. Elbow, 2004-01-01

**Canadian Geography** Thomas A. Rumney, 2009-12-10 Canadian Geography A Scholarly Bibliography is a compendium of published works on geographical studies of Canada and its various provinces It includes works on geographical studies of Canada as a whole on multiple provinces and on individual provinces Works covered include books monographs atlases book chapters scholarly articles dissertations and theses The contents are

organized first by region into main chapters and then each chapter is divided into sections General Studies Cultural and Social Geography Economic Geography Historical Geography Physical Geography Political Geography and Urban Geography Each section is further sub divided into specific topics within each main subject All known publications on the geographical studies of Canada in English French and other languages covering all types of geography are included in this bibliography It is an essential resource for all researchers students teachers and government officials needing information and references on the varied aspects of the environments and human geographies of Canada

**The SAGE Handbook of Modern Japanese Studies** James D Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University

**The SAGE Handbook of Human Geography**, 2v Roger Lee, Noel Castree, Rob Kitchin, Vicky Lawson, Anssi Paasi, Chris Philo, Sarah Radcliffe, Susan M. Roberts, Charles Withers, 2014-05-22 Superb How refreshing to see a Handbook that eschews convention and explores the richness and diversity of the geographical imagination in such stimulating and challenging ways Peter Dicken University of Manchester Stands out as an innovative and exciting contribution that exceeds the genre Sallie A Marston University of Arizona Captures wonderfully the richness and complexity of the worlds that human beings inhabit This is a stand out among handbooks Lily Kong National University of Singapore This wonderfully unconventional book demonstrates human geography's character and significance not by marching through traditional themes but by presenting a set of geographical essays on basic ideas practices and concerns Alexander B Murphy University of Oregon This SAGE Handbook stands out for its capacity to provoke the reader to think anew about human geography essays that offer some profoundly original insights into what it means to engage geographically with the world Eric Sheppard UCLA Published in association with the journal Progress in Human Geography edited and written by the principal scholars in the discipline this Handbook demonstrates the difference that thinking about the world geographically makes Each section considers how human geography shapes the world interrogates it and intervenes in it It includes a major retrospective and prospective introductory essay with three substantive sections on Imagining Human Geographies Practising Human Geographies Living Human Geographies The Handbook also has an innovative multimedia component of conversations about key issues in human geography as well as an

overview of human geography from the Editors A key reference for any scholar interested in questions about what difference it makes to think spatially or geographically about the world this Handbook is a rich and textured statement about the geographical imagination

**Recent Geographical Literature, Maps and Photographs** Royal Geographical Society (Great Britain), 1919

The Geographical Sciences During 1986—2015 Shuying Leng, Xizhang Gao, Tao Pei, Guoyou Zhang, Liangfu Chen, Xi Chen, Canfei He, Daming He, Xiaoyan Li, Chunye Lin, Hongyan Liu, Weidong Liu, Yihe Lü, Shilong Piao, Qihong Tang, Fulu Tao, Lide Tian, Xiaohua Tong, Cunde Xiao, Desheng Xue, Linsheng Yang, Linwang Yuan, Yuanming Zheng, Huiyi Zhu, Liping Zhu, 2016-07-28 In four chapters and an introduction this book systematically helps readers understand the development of the Geographical Sciences both in China and in the world during the past 30 years Through data analysis of methodologies including CiteSpace TDA qualitative analysis questionnaires data mining and mathematical statistics the book explains the evolution of research topics and their driving factors in the Geographical Sciences and its four branches namely Physical Geography Human Geography Geographical Information Science and Environmental Geography It also identifies the role of the Geographical Sciences in the analysis of strategic issues such as global change and terrestrial ecosystems terrestrial water cycle and water resources land change global cryosphere evolution and land surface processes on the Tibetan Plateau economic globalization and local responses regional sustainable development remote sensing modelling and parameter inversion spatial analysis and simulation and tempo spatial processes and modelling of environmental pollutants It then discusses research development and inadequacy of Chinese Geographical Sciences in the above mentioned topics as well as in the fields including Geomorphology and Quaternary environmental change Ecohydrology ecosystem services the urbanization process and mechanism medical and health geography international rivers and transboundary environment and resources detection and attribution of changes in land surface sensitive components and uncertainty of spatial information and spatial analysis It shows that the NSFC has driven the development in all these topics and fields In addition the book summarises trends of the Geographical Sciences in China and the research level in major countries of the world through an overview of geographical education in colleges and universities the analysis of publications citations and author networks of SCI SSCI and CSCD indexed articles and the description of Sino USA Sino UK and Sino German cooperation This book serves as an important reference to anyone interested in geographical sciences and related fields

**Academic Writing for Geographers** James A. Tyner, 2023-08-21 There are many how to books on writing for academics none of these however relate specifically to the discipline of geography In this book the author identifies the principle modes of academic writing that graduate students and early career faculty will encounter specifically focusing on those forms expected of geographers that is those modes that are reviewed by academic peers This book is readily accessible to senior undergraduate and graduate students and early career faculty who may feel intimidated by the process of writing This volume is not strictly a how to or step by step manual for writing an article or book rather through the use of real

concrete examples from published and unpublished works the author demystifies the process of different types of scholarly pieces geographers have to write with the specific needs and challenges of the discipline in mind Although chapters are thematic based e.g. stand alone chapters on book reviews articles and books the manuscript is structured around the concept of story telling for it is the author's contention that all writing whether a scientific study or more humanist essay is a form of story telling

**The Social Science Encyclopedia** Adam Kuper, 2003-12-16 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on the key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society

*Literary Geography* Sheila Hones, 2022-05-10 Literary Geography provides an introduction to work in the field making the interdiscipline accessible and visible to students and academics working in literary studies and human geography as well as related fields such as the geohumanities place writing and geopoetics Emphasising the long tradition of work with literary texts in human geography this volume provides an overview of literary geography as an interdiscipline which combines aims and methods from human geography and literary studies explains how and why literary geography differs from spatially oriented critical approaches in literary studies reviews geographical work with literary texts from the late 19th century to the present day includes a glossary of key terms and concepts employed in contemporary literary geography Accessible and clear this comprehensive overview is an essential guide for anyone interested in learning more about the history current activity and future of work in the interdiscipline of literary geography

*Recent Geographical Literature, Maps, and Photographs Added to the Society's Collection*, 1923

**Teaching Visual Methods in the Social Sciences** Sal Watt, Caroline Wakefield, 2017-05-08 Teaching Visual Methods in the Social Sciences presents a practical and theoretical framework for those wanting to introduce visual methods into their curricula Drawing on the expertise of contributors from across the social sciences the book provides a comprehensive introduction to visual methodology learning and teaching theory and the ethical considerations involved Divided into three parts the book begins with an overview of how visual methods have been used in academic research and how this can be applied to teaching and pedagogy It then goes on to introduce different methods including photography film and drawing describing how they can be used in various locations Finally the book pulls everything together advocating the

wider use of teaching visual methods in further and higher education curricula across the social science subjects The book features a plethora of examples as well as practical resources for FE and HE teachers making it an essential companion for anyone interested in utilising visual methods in their teaching     The Walkable City Jennie Middleton,2021-08-18 This book explores everyday walking in contemporary urban life It brings together important theoretical and empirical insights to understand how the walkability of urban spaces can be imagined planned for and experienced The book focuses on the everyday experiences of the urban walker the bodily experiences of walking and different walking research methods It goes beyond the conventional focus on walkable places by delving into the ways in which urban space is consumed and produced through different ways of walking Drawing on fieldwork in the UK and international secondary sources the book examines how walking is socially and materially co produced focusing on pedestrian practices infrastructures and the social nature of walking Chapters in the book offer key explorations of the cultural and social inclusions and exclusions of navigating the city on foot The book considers transport planning and policy promoting pedestrian movement pedestrian infrastructures the politics of walking and social interactions of urban pedestrians The book offers vital analyses of how different but overlapping dimensions of walking and their relationship with urban space are often overlooked and the importance of centring the lived experiences of walking in understandings of pedestrian practices This book provides a timely contribution to the field of mobilities due to a growing interest in urban walking It will be of interest to students and scholars of urban studies human geography sociology and public health     *Masculinities and Place* Andrew Gorman-Murray,Peter Hopkins,2016-05-06 *Masculinities and Place* bring together an impressive range of high profile and emerging researchers to consolidate and expand new domains of interest in the geographies of men and masculinities It is structured around key and emerging themes within recently completed and on going research about the intersections between men masculinities and place Building upon broader themes in social and cultural geographies cultural economy and urban rural studies the collection is organised around the key themes of theorising masculinities and place intersectionality home family domestic labour work and health and well being     The Indian Geographical Journal ,1926     **The Journal of the Manchester Geographical Society** ,1924     *The Routledge Handbook of Mobilities* Peter Adey,David Bissell,Kevin Hannam,Peter Merriman,Mimi Sheller,2014-01-10 The 21st century seems to be on the move perhaps even more so than the last With cheap travel and more than two billion cars projected worldwide for 2030 And yet all this mobility is happening incredibly unevenly at different paces and intensities with varying impacts and consequences to the extent that life on the move might be actually quite difficult to sustain environmentally socially and ethically As a result mobility has become a keyword of the social sciences delineating a new domain of concepts approaches methodologies and techniques which seek to understand the character and quality of these trends This Handbook explores and critically evaluates the debates approaches controversies and methodologies inherent to this rapidly expanding discipline It brings together leading specialists from range of

backgrounds and geographical regions to provide an authoritative and comprehensive overview of this field conveying cutting edge research in an accessible way whilst giving detailed grounding in the evolution of past debates on mobilities It illustrates disciplinary trends and pathways from migration studies and transport history to communications research featuring methodological innovations and developments and conceptual histories from feminist theory to tourist studies It explores the dominant figures of mobility from children to soldiers and the mobility impaired the disparate materialities of mobility such as flows of water and waste to the vectors of viruses key infrastructures such as logistics systems to the informal services of megacity slums and the important mobility events around which our world turns from going on vacation to the commute to the catastrophic disruption of mobility systems The text is forward thinking projecting the future of mobilities as they might be lived transformed and studied and possibly brought to an end International in focus the book transcends disciplinary and national boundaries to explore mobilities as they are understood from different perspectives different fields countries and standpoints This is an invaluable resource for all those with an interest in mobility across disciplinary boundaries and areas of study

**International Encyclopedia of Business Management** ,2025-09-01 The Encyclopedia of Business Management Four Volume Set is a comprehensive resource that covers over 200 topics across various areas of business management Each entry is written in an accessible manner making complex concepts easy to understand The encyclopedia addresses interdisciplinary subjects such as cultural entrepreneurship tourism innovation and marketing promotions By emphasizing definitions and practical applications the entries help readers grasp the relevance of each topic Expert editors lead each section ensuring that the contributions are authoritative and well rounded The encyclopedia is divided into seven broad themes including business entrepreneurship human resource management innovation management international business organizational behavior project management supply chain management and sport and tourism management Each section s articles begin with a technical analysis of key definitional issues followed by an exploration of the topic s broader context This structured approach provides a holistic examination of the subjects allowing readers to gain a comprehensive understanding of vital business management concepts Provides a comprehensive overview of the main business management topics Focuses specifically on business management from a range of perspectives Includes new and emerging business management topics Presents an interdisciplinary focus in terms of business management practices Features templates across all chapters for ease of navigation and use
