the buried history of this early American community breathing new life into a region that still rests in Lincoln's shadow. Named after a shallow river that cuts through the prairies of central Illinois, the Sangamo Country, an area that now encompasses the capital city of Springfield and present-day Sangamon County, was first colonized after the War of 1812. For the past fifteen years, Mazrim has conducted dozens of excavations there, digging up pieces of pioneer life from hand-forged iron and locally made crockery to pewter spoons and Staffordshire teacups. And here, in beautifully illustrated stories of each dig, he shows how each of these small artifacts can teach us something about the lifestyles of people who lived on the frontier nearly two hundred years ago. Allowing us to see past the changed modern landscape and the clichés of pioneer history, Mazrim deftly uses his findings to portray the homes, farms, taverns, and pottery shops where Lincoln's neighbors once lived and worked. Drawing readers into the thrill of discovery, *The Sangamo Frontier* inaugurates a new kind of archaeological history that both enhances and challenges our written history. It imbues today's landscape with an authentic ghostliness that will reawaken the curiosity of anyone interested in the forgotten people and places that helped shape our nation.
