Questions And Answers About Islam M. Fethullah Gülen, 2007-11-01. In the past, unbelief was the outcome of ignorance. Then, when people learned about the truth, they were enlightened and found peace of mind. But recently, unbelief, rejection, and denial have been the attitudes of those who consider themselves knowledgeable in all fields, who claim to accept and believe only on rational or scientific grounds. Cloaked in science and rational philosophy, the activity of unbelief continues in many forms. The quality of believers' submission is impaired under constant threat and attack. In this book, Fethullah Gülen, sensitive to the real questions people have, the questions given rise to by the modern age, has tried through patient argument to answer people's doubts and questions about faith.
