Intellectual Commentaries on the Impact and Influence of the Work of Ivor Goodson offers a critical commentary on Goodson s work that avoids hagiography whilst recognising the global reach of his scholarship With contributors from around the

world those who have collaborated with him or those who have taken up his work the book provides the sort of social and historical contextualising that Goodson has always advocated The accounts in this collection highlight how Goodson's integration of moral imperatives into strategically responsive scholarship can provide a useful roadmap when negotiating a path through the contemporary academic research landscape By using his historian's orientation and sensibilities he is able to get to the heart of the logics of schooling By connecting with other scholars and researchers around the world he exposes how the global neo liberal project plays out in particular settings and so challenges pervasive understandings about the meaning of global and the power of the neo liberal project itself This book is ideal reading for academics scholars and researchers in the field of education including those involved in initial and in service teacher education Nuclear Magnetic Resonance Krystyna Kamienska-Trela, 2015-05-20 Applications of nuclear magnetic resonance span a wide range of scientific disciplines from physics to medicine This series has provided an essential digest of the NMR literature for more than four decades and each volume provides unrivalled coverage of the literature on this topic Continuous coverage on some topics such as theoretical and physical aspects of nuclear shielding is balanced by the desire for coverage on newer topics like applications in biological systems and materials science For those wanting to become rapidly acquainted with NMR or seasoned practitioners this is an invaluable source of current methods and applications **The Routledge Companion to Humanitarian Action** Roger Mac Ginty, Jenny H Peterson, 2015-03-24 The Companion on Humanitarian Action addresses the political ethical legal and practical issues which influence reactions to humanitarian crisis It does so by exploring the daily dilemmas faced by a range of actors including policy makers aid workers the private sector and the beneficiaries of aid and by challenging common perceptions regarding humanitarian crisis and the policies put in place to address these Through such explorations it provides practitioners and scholars with the knowledge needed to both understand and improve upon current forms of humanitarian action The Companion will be of use to those interested in a range of humanitarian programmes ranging from emergency medical assistance military interventions managing refugee flows and the implementation of international humanitarian law As opposed to addressing specific programmes it will explore five themes seen as relevant to understanding and engaging in all modes of humanitarian action The first section explores varying interpretations of humanitarianism including critical historical and political economic explanations as well as more practice based explorations focused on notions needs assessments and evaluation Following this readers will be exposed to the latest debates on a range of humanitarian principles including neutrality and sovereignty before exploring the key issues faced by the main actors involved in humanitarian crisis from international NGOs to local community based organizations The final two sections address what are seen as key dilemmas in regards to humanitarian action and emerging trends in the humanitarian system including the increasing role of social media in responding to crises Whilst not a how to guide the Companion contains many practical insights for policy makers and aid workers whilst also offering analytical insights for students of humanitarian

action Indeed throughout the book readers will come to the realization that understanding and improving humanitarian action simultaneously requires both active critical reflection and an acceptance of the urgency and timeliness of action that is required for humanitarian assistance to have an impact on vital human needs Exploring a sector that is far from homogenous both practitioners and scholars alike will find the contributions of this book offers them a deeper understanding of the motivations and mechanics of current interventions but also insight into current changes and progress occurring in the field of humanitarian practice
