Committee on Appropriations. Subcommittee on Department of Transportation and Related Agencies Appropriations, 1999      **Airline Operations Control** Peter J. Bruce, Chris Mulholland, 2020-12-28 This text is among the first to reveal the intricacies of an airline's Operations Control Centre especially the thought processes information flows and strategies taken to mitigate disruptions Airline Operations Control provides a deep level of description explanation and detail into the activities of a range of highly professional and expert staff managing the sharp end of the airline It aims to fill a void as little is understood about this area and very little is written for practitioners in the airline business The book offers a comprehensive look at the make up of the Operations Centre its component sections and the processes that occur both in preparing for and executing the current day's schedules Several

chapters provide real life scenarios and demonstrate how Operations Centres manage evolving situations what they need to take into account and how they need to have Plan B and Plan C ready when things don't go right This book is designed to deliver knowledge gains to both new and experienced aviation industry practitioners with regards to vital operational aspects Additionally it also offers students of air transport management a readily accessible and real world perspective guide to a crucial function present within every airline

### **Applied Human Factors in Aviation Maintenance** Manoj S.

Patankar,James C. Taylor,2017-07-05 Considering the global awareness of human performance issues affecting maintenance personnel there is enough evidence in the US ASRS reports to establish that systemic problems such as impractical maintenance procedures inadequate training and the safety versus profit challenge continue to contribute toward latent failures Manoj S Patankar and James C Taylor strongly believe in incorporating the human factors principles in aviation maintenance In this their second of two volumes they place particular emphasis on applying human factors principles in a book intended to serve as a practical guide as well as an academic text Features include A real how to approach that serves as a companion to the previous volume Risk Management and Error Reduction in Aviation Maintenance Self reports of maintenance errors used throughout to illustrate the systemic susceptibility for errors as well as to discuss corresponding solutions Two tools a pre task scorecard and a post task scorecard introduced as means to measure individual as well as organizational safety performance Interpersonal trust and professionalism explored in detail Ethical and procedural issues associated with collection and analysis of both qualitative as well as quantitative safety data discussed The intended readership includes aviation maintenance personnel e g FAA type aircraft mechanics CAA type aircraft maintenance engineers maintenance managers regulators and aviation students
