**Accounting: An Introduction, 6/E** Peter Atrill, Eddie McLaney, David Harvey, 2014-08-28 Accounting an introduction by Atrill provides a clear and approachable introduction to accounting and finance for those seeking to understand the main concepts and their practical application to good decision making **Management Accounting** Professor Carsten

Berkau, 2020-04-20 Management Accounting is written for students in international Business Management study programs. It covers the widely applied syllabus of Cost Accounting and Management Accounting at universities on bachelor's and master's level. The book is based on more than 20 years academic teaching experience in Germany and at international universities in South Africa, Malaysia, China, the Netherlands and South Korea. In this text book the application of methods and instruments comes first. Management Accounting follows a case study based approach. All cases are taken from previous exam papers and explained in detail. The text book starts with a case study of a manufacturing company and compares Financial Accounting to Management Accounting. It covers two points of view: 1. a General Management view with aspects of business planning, cost volume profit analysis, degree of operating leverage, mergers and cross border acquisitions and risk valuation. 2. a Cost Accounting view with Management Accounting systems, flexible budgeting, cost allocations, performance measurement and monitoring, reporting, calculation, manufacturing accounting, job order and process costing, activity based costing and multi level contribution margin Accounting. On the UVK website numerous exam tasks and complete solutions thereto are available in English **Basics of Accounting** Carsten Berkau, 2021-08-30 This textbook introduces you to international bookkeeping and accounting. It is designed as self study material and covers the syllabus of an introductory class in accounting. After studying the Basics you are well prepared to keep bookkeeping records and prepare financial statements like the balance sheet, the income statement, the cash flow statement and the statement of changes in equity. All chapters outline the learning objectives, provide an overview, include case studies and how it is done, paragraphs. They end with a summary, the explanation of new technical terms and a question bank with solutions for checking your learning progress. On the internet you can find more than 350 exam tasks including solutions as well as youtube videos from the author. The textbook prepares you to study accounting and assists you with the transition from German bookkeeping to international accounting when qualifying for IFRSs **Services Marketing** Christopher Lovelock, Paul Patterson, 2015-05-20 Services Marketing is well known for its authoritative presentation and strong instructor support. The new 6th edition continues to deliver on this promise.

Contemporary Services Marketing concepts and techniques are presented in an Australian and Asia Pacific context. In this edition the very latest ideas in the subject are brought to life with new and updated case studies covering the competitive world of services marketing.
