Managerial Accounting Braun 4th Edition:

Management Accounting, 4th Edition Leslie G. Eldenburg, Albie Brooks, Judy Oliver, Gillian Vesty, Rodney Dormer, Vijaya Murthy, Nick Pawsey, 2020-01-21 Eldenburg's fourth edition of Management Accounting combines the basic technical issues associated with cost management, management accounting and control with more recent and emerging themes and issues. Management Accounting is a compulsory element of the accounting major and this text is written to cover the content typically taught in the two management accounting units offered in most accounting programs. The Management Accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes case videos, interactive problems and questions with immediate feedback. Eldenburg's unique resource can also form the basis of a blended learning solution for lecturers.

The Sustainable Built Environment Begum Sertyesilisik, Ahmed Al Shamma'a, 2015-11-27 The text adopts an interdisciplinary approach to address the huge challenges in creating a sustainable built environment. In a broad survey of critical issues, it assesses procurement, cost modelling and management of sustainable buildings, low and zero carbon technologies, sustainability in utilities and the law.

The Digitalization of Management Accounting Imke Keimer, Ulrich Egle, 2023-06-16 Digital transformation has companies firmly in its grip. Digitalization has a multidimensional impact on the management accounting function and is changing management accounting processes, controlling methods and the role of the management accountant. This edited work shows how the opportunities of digitalization can be used in a way that adds value to the management accounting function. The authors describe individual dimensions of digitalization in management accounting and convey the necessary fundamentals and concepts. Use cases from controlling practice complement the theoretical foundations and show cross-industry approaches to solutions.
