Applying Leadership and Management in Planning Janice

Morphet, 2015-05-06 Planning is central to economic social and environmental life but its practice is frequently criticised by all who engage in it Seen as too restrictive by those who promote development and too weak by those opposing it planners who advise on proposals cannot sit on the fence Is it the planning system that is problematic or is it the planners who work within it This valuable book examines these issues at the continuing professional development level and discusses the ways in which management theories tools and techniques can be applied to planning practice and used by all who engage in it Written by an experienced author and widely respected academic the book includes case studies and question and answer sections and will be valuable through both initial and continuous professional education helping candidates prepare for examinations and subsequent management

Understanding Mattessich and Ijiri Nohora Garcia, 2017-11-16

This book deals with current discussion of the classic works by two prominent authors on accounting R Mattessich and Y Ijiri Their antecedents and the way in which each author came to construct his work make up the central subject of this study

Trust, Institutions and Managing Entrepreneurial Relationships in Africa Isaac Oduro Amoako, 2018-11-27

This book highlights the importance of understanding how trust and indigenous African cultural institutions enhance the development of entrepreneurial networks and relationships in Africa Drawing on institutional theories the author re-examines the way that entrepreneurial behaviour can be shaped with a focus on trust networks and the development of relationships Analysing a combination of existing literature and empirical data from 50 internationally trading SMEs in Africa this book reflects the growing interests of entrepreneurs investors and corporate executives to develop trust and relationships with customers in order to invest and grow By addressing the need for a greater understanding of how social and cultural institutions in Africa affect the continent's economy this book not only offers theoretical frameworks but also future implications for practice and policy and will provide essential reading for those studying emerging markets and globalisation African business and entrepreneurship more generally
