Besterfield, Carol Besterfield-Michna, Glen H. Besterfield, Mary Besterfield-Sacre, Hemant Urdhwareshe, Rashmi Urdhwareshe, Management Accounting Charles T. Horngren, 2002. This text is appropriate for one or two term first and or second year courses in Managerial or Cost Accounting at both the college and university level. The new edition of this best selling text continues to emphasize a decision making approach to prepare Canadian students to be managers of accounting information. It shows how accountants prepare information that is useful to managers and demonstrates why managers in all types of organizations should have an understanding of the advantages and limitations of accounting. A strategic management theme running through the text allows students to relate management accounting decisions to a company's key success factors. *Structural Equation Modeling Approaches to E-Service Adoption* Akgül, Yakup, 2019-04-19. With the modernization of services offered through the internet, many traditional face to face services have adopted new e service phenomena. Especially prevalent among the younger generations, this change in service has promoted many industries to rethink how to best reach their consumers using modern technology. *Structural Equation Modeling Approaches to E Service Adoption* is a pivotal reference source that aims to share the latest empirical research findings within technology acceptance, information systems, information technology, human computer interaction and management information systems. While highlighting topics such as e commerce, internet banking and technology acceptance, this publication explores the understanding of today's e services in a dynamic and complex environment as well as the methods within the field of information systems and information technologies. This book is ideally designed for academics, students, managers and scholars interested in the up
