Antigone's Daughters? Hilary Owen, Cláudia Pazos Alonso, 2011-02-24 *Antigone's Daughters* provides the first detailed discussion in English of six well known Portuguese women writers working across a wide range of genres Florbela Espanca 1894-1930 Irene Lisboa 1892-1958 Agustina Bessa-Luís 1923 Natália Correia 1923-93 Hélia Correia 1949 and Lídia Jorge 1946 Together they cover the span of the 20th century and afford historical insights into the complex gender politics of achieving institutional acceptance and validation in the Portuguese national canon at different points in the 20th century Although a patrilinear evolutionary model visibly structures national literary history in Portugal to the present day women writers and critics have not generally sought to replace this with a matrilinear feminist counter history The unifying metaphor that the authors adopt here for the purpose of discussing Portuguese women's ambivalent response to female genealogy is the classical figure of Antigone who paradoxically sacrifices her own genealogical continuity in the name of defending family and kinship while resisting the patriarchal pragmatics of state building Should women writers faced with the absence of a female tradition posit a woman-centred place outside the jurisdiction of male genealogy however strategically essentialist that place may be or should they primarily eschew fixed sexual identity to act as unnameable saboteurs undoing the law of patriarchal tradition from within *Two Sides of One River* António Medeiros, 2013 Galicia the region in the northwest corner of Spain contiguous with Portugal is officially known as the Autonomous Community of Galicia It is recognized as one of the historical nationalities making up the Spanish state as legitimized by the Spanish Constitution of 1978 Although Galicia and Portugal belong to different states there are frequent allusions to their similarities This study compares topographic and ethnographic descriptions of Galicia and Portugal from the nineteenth and twentieth centuries to understand how the integration into different states and the existence of nationalist discourses resulted in marked differences in the historical representations of these two bordering regions of the Iberian Peninsula The author explores the role of the imagination in creating a sense over the last century and a half of the national being and becoming of these two related peoples *Subject Catalog*, 1981 Library of Congress, 1981 **Brazilian Biographical Annual** Joaquim Manuel de Macedo, 1876 To be Free and French Lorelle Semley, 2017-07-20 An ambitious new vision of French citizenship from the perspective of Africans and Antilleans living in the colonies and mainland France Lorelle Semley explores the ways in which these colonial subjects used French democratic ideals to demand rights and redefine the meanings of freedom and Frenchness *Subject Catalog* Library of Congress, **Gender, Science, and Authority in Women's Travel Writing** Michelle Medeiros, 2019-04-15 *Gender Science and Authority in Women's Travel Writing* Literary Perspectives on the Discourse of Natural History analyzes the interrelations among authority gender and the scientific discipline of natural history in the works of transatlantic women travelers from the nineteenth and early twentieth centuries Michelle Medeiros sheds new light on our understanding of the literary perspectives of the discourse of natural history and how these

viewpoints had a surprising impact in areas that went beyond scientific fields This book advances the study of travel writing and gender in new directions by bringing together Latin American European and American women travelers who actively engaged in natural history discussions in their writings By demonstrating how these women were only able to participate in intellectual enterprises by embarking on transatlantic voyages this book discloses how the work produced by these travelers challenged and reshaped dominant discourses bringing a new point of view to nineteenth and twentieth centuries studies in Latin American history literature cultural studies and history of science Moreover this book analyzes to what extent the approaches employed by female travel writers who wanted to engage in the production of knowledge has evolved in that time period and to what degree such changes could be considered positive and more productive

with it if the monster ever gets out more people will surely die But Mason is not fine with it If officials can get away with framing this killer they could do it to anybody As Mason sets out to prove officials are perverting the justice system Mulligan searches frantically for some legal way to keep the monster behind bars The dueling investigations pit the friends against each other in a high stakes race against time and snares them in an ethical dilemma that has no right answer There is real suspense here And Mulligan s character played off the vicissitudes of his job is skillfully layered and engaging DeSilva who worked for decades at the AP won an Edgar for Best First Novel for *Rogue Island* 2010 He knows of what he writes Booklist starred review
