Mezzanine And Other Storeys:

The Architecture of Rome Ulrich Fürst, 1998 Architects and artists have always acknowledged over the centuries that Rome is rightly called the eternal city Rome is eternal above all because it was always young always in its prime Here the buildings that defined the West appeared over more than 2000 years here the history of European architecture was written The foundations were laid even in ancient Roman times when the first attempts were made to design interiors and thus make space open to experience as something physical And at that time the Roman architects also started to develop building types that are still valid today thus creating the cornerstone of later Western architecture In it Rome's primacy remained unbroken whether it was with old St Peter's as the first medieval basilica or new St Peter's as the building in which Bramante and Michelangelo developed the High Renaissance or with works by Bernini and Borromini whose rich and lucid spatial forms were to shape Baroque as far as Vienna Bohemia and Lower Franconia and also with Modern buildings of which there are many unexpected pearls to be found in Rome All this is comprehensible only if it is presented historically i.e. in chronological sequence and so the guide has not been arranged topographically as usual but chronologically This means that one is not led in random sequence from a Baroque building to an ancient or a modern one but the historical development is followed successively Every epoch is preceded by an introduction that identifies its key features This produces a continuous lavishly illustrated history of the architecture of Rome and thus at the same time of the whole of the West Practical handling is guaranteed by an alphabetical index and detailed maps whose information does not just immediately illustrate the historical picture but also makes it possible to choose a personal route through history *Fiction, a Finding List of Novels, Stories and Other Forms of Prose Fiction in English for Adults in the Chicago Public Library, January 1, 1921* Chicago Public Library, 1922 History Beyond the Text Sarah Barber, Corinna Peniston-Bird, 2013-02-01 Historians are increasingly looking beyond the traditional and turning to visual oral aural and virtual sources to inform their work The challenges these sources pose require new skills of interpretation and require historians to consider alternative theoretical and practical approaches In order to help historians successfully move beyond traditional text Sarah Barber and Corinna Peniston Bird bring together chapters from historical specialists in the fields of fine art photography film oral history architecture virtual sources music cartoons landscape and material culture to explain why when and how these less traditional sources can be used Each chapter introduces the reader to the source suggests the methodological and theoretical questions historians should keep in mind when using it and provides case studies to illustrate best practice in analysis and interpretation Pulling these disparate sources together the introduction discusses the nature of historical sources and those factors which are unique to and shared by the sources covered throughout the book Taking examples from around the globe this collection of essays aims to inspire practitioners of history to expand their horizons and incorporate a wide variety of primary sources in their work **The Laws of Hongkong** Hong Kong, 1913 **Branch Library News** New York Public Library, 1917 **The**

Perth and Kinross at the geographical heart of Scotland contains a wide diversity of buildings including the remains of a Roman line of forts and watch towers carved stones erected by the warrior aristocracy of the sixth to ninth centuries the inventive medieval Dunkeld Cathedral and the island fortress of Lochleven Castle Blair Castle's mid eighteenth century stucco work is unequalled in Scotland A multitude of smaller country houses embrace a variety of styles while Georgian and Victorian churches many with superb stained glass abound Towns and villages range from Dunkeld the epitome of a small Scottish burgh to the Royal burgh of Perth This is the tenth volume in the Buildings of Scotland series

Lady with the Little Dog and Other Stories, 1896-1904 Anton Chekhov, 2002-11-26 An enchanting collection of tales which showcase Anton Chekhov at the height of his power as a writer In the final years of his life Chekhov produced some of the stories that rank among his masterpieces and some of the most highly regarded works in Russian literature The poignant *The Lady with the Little Dog* and *About Love* examine the nature of love outside of marriage its romantic idealism and the fear of disillusionment And in stories such as *Peasants* *The House with the Mezzanine* and *My Life* Chekhov paints a vivid picture of the conditions of the poor and of their powerlessness in the face of exploitation and hardship With the works collected here Chekhov moved away from the realism of his earlier tales developing a broader range of characters and subject matter while forging the spare minimalist style that would inspire such modern short story writers as Ernest Hemingway and William Faulkner In this edition Ronald Wilks's translation is accompanied by an introduction in which Paul Debrecezeny discusses the themes that Chekhov adopted in his mature work This edition also includes a publishing history and notes for each story a chronology and further reading For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Lamp ..., 1916 *Book Buyer*, 1917 *The Nose and Other Stories* Nikolai Gogol, 2020-09-01 Nikolai Gogol's novel *Dead Souls* and play *The Government Inspector* revolutionized Russian literature and continue to entertain generations of readers around the world Yet Gogol's peculiar genius comes through most powerfully in his short stories By turns or at once funny terrifying and profound the tales collected in *The Nose and Other Stories* are among the greatest achievements of world literature These stories showcase Gogol's vivid haunting imagination an encounter with evil in a darkened church a downtrodden clerk who dreams only of a new overcoat a nose that falls off a face and reappears around town on its own outranking its former owner Written between 1831 and 1842 they span the colorful setting of rural Ukraine to the unforgiving urban landscape of St Petersburg to the ancient labyrinth of Rome Yet they share Gogol's characteristic obsessions city crowds bureaucratic hierarchy and irrationality the devil in disguise and a constant undercurrent of the absurd Susanne Fusso's translations pay careful attention to the strangeness and wonder of Gogol's style

preserving the inimitable humor and oddity of his language The Nose and Other Stories reveals why Russian writers from Dostoevsky to Nabokov have returned to Gogol as the cornerstone of their unparalleled literary tradition *A Russian Jew of Bloomsbury* Galya Diment, 2011 A Russian Jew of Bloomsbury looks at the remarkable influence that an outsider had on the tightly knit circle of Britain's cultural elite Among Kotliansky's friends were Katherine Mansfield Leonard and Virginia Woolf Mark Gertler Lady Ottoline Morrell H G Wells and Dilys Powell But it was his close and turbulent friendship with D H Lawrence that proved to be Kotliansky's lasting legacy In a lively and vibrant narrative Galya Diment shows how despite Kot's determination he could never escape the dark aspects of his past or overcome the streak of anti-Semitism that ran through British society including the hearts and minds of many of his famous literary friends
