Section A—Reading Test (Seen passage)

Read the text carefully and answer the questions 1, 2 and 3:—

Nakshi Kantha is a kind of embroidered quilt. The name was taken from the Bengali word, 'naksha' which means artistic pattern. It is a kind of traditional craft and is said to be indigenous to Bangladesh and West Bengal in India. The art has been practised in rural Bengal for centuries. The name 'Nakshi Kantha' became popular after the poet Jasimuddin's poem 'Nakshi Kanthar Math' was published in 1929.

Traditional Kanthas are made for family use. Old or new cloth and thread are used to make these quilts. Mymensingh, Jamalpur, Rajshahi, Faridpur, Bogra and Jessore are most famous for this craft. Now, it is produced commercially. You can find them in many expensive handicraft shops in cities. The quilts are now in great demand because of the colourful patterns and designs embroidered on them.

English 1 St Jsc Out Question 2014

Anne Carter

English 1 St Jsc Out Question 2014:

Apex Courts and the Common Law Paul Daly, 2019-04-08 For centuries courts across the common law world have developed systems of law by building bodies of judicial decisions In deciding individual cases common law courts settle litigation and move the law in new directions By virtue of their place at the top of the judicial hierarchy courts at the apex of common law systems are unique in that their decisions and in particular the language used in those decisions resonate through the legal system Although both the common law and apex courts have been studied extensively scholars have paid less attention to the relationship between the two By analyzing apex courts and the common law from multiple angles this book offers an entry point for scholars in disciplines related to law such as political science history and sociology who are seeking a deeper understanding and new insights as to how the common law applies to and is relevant within their own disciplines

Defences in Unjust Enrichment Andrew Dyson, James Goudkamp, Frederick Wilmot-Smith, 2016-01-14 This book is the second in a series of essay collections on defences in private law It addresses defences to liability arising in unjust enrichment The essays are written from a range of perspectives and methodologies Some are doctrinal others are theoretical and several offer comparative insights The most important defence in this area of the law change of position is addressed in detail but many other defences are treated too as well as the interrelations between these defences within the law of unjust enrichment The essays offer novel claims and ways of looking at problems in this challenging area of legal study

Civil Jurisdiction and Judgments Adrian Briggs, 2015-06-12 Now in a fully updated sixth edition this book is an established treatise in the field of civil jurisdiction and judgments It states analyses illuminates and evaluates the law of civil jurisdiction and the enforcement of foreign judgments in English law with this new edition taking into account the implications of the new Brussels I Regulation recast Regulation EU 1215/2012 as well as the great number of developments in the case law which have taken place since 2009 This book looks in detail at the jurisdictional rules put in place by the recast Brussels I Regulation the common law rules of jurisdiction the principles according to which that jurisdiction will or will not be exercised the extent to which proceedings before a foreign court may be assisted or impeded obtaining interim and interlocutory relief recognition and enforcement of foreign judgments This text is an authoritative and comprehensive reference for all legal professionals working in commercial law across jurisdictions

Is China A Menacing Empire? Han Shih Toh, 2024-11-06 China's economic impact on the world through trade investment and infrastructure projects is huge and growing rapidly This has received criticism from officials and politicians in various countries including the US who accused China of neo colonialism setting debt traps in other countries and corruption in overseas Chinese deals This book examines how justified such accusations are and seeks to comment on them in an objective manner This book also explores the tensions between China and the US

English Mechanic and World of Science, 1871

The Conflict of Laws Adrian Briggs, 2019-10-24 This invaluable introduction to the study of the conflict of laws provides a survey and analysis of the rules

of private international law as they apply in England Written to take account of the various possible outcomes of the Brexit process it goes as far as is possible to make sense of the effect it will have on English private international law The volume covers general principles jurisdiction and the effect of foreign judgments the law applicable to contractual and non contractual obligations the private international law of property of adults the increasingly complex law of children is described in bare outline and of corporations It does so in a manner which explains and illuminates the principles which underpin the subject in a clear and coherent fashion as the wealth of literature case law and legislation can often obscure the architecture of the subject and unnecessarily complicate its study This new edition organizes the existing material in light of European legislation on private international law reflecting the way in which an accurate representation of the topic requires it to be interpreted as European law with a common law periphery instead of common law with European legislative influences As at the time of writing and possibly for some time to come the consequences of Brexit are a mystery but the attempt is made to describe the various possible shapes which the subject will assume in the future The book adopts a pragmatic approach and avoids the more abstract theory as the theory of the conflict of laws is actually to be found in and by applying the legislation and jurisprudence to the cases and issues which arise in private international litigation and in giving legal advice

Proportionality and Facts in Constitutional Adjudication Anne Carter, 2022-01-27 This book considers the relationship between proportionality and facts in constitutional adjudication Analysing where facts arise within each of the three stages of the structured proportionality test suitability necessity and balancing it considers the nature of these facts vis vis the facts that arise in the course of ordinary litigation The book's central focus is on how proportionality has been applied by courts in practice and it draws on the comparative experience of four jurisdictions across a range of legal systems The central case study of the book is Australia where the embryonic and contested nature of proportionality means it provides an illuminating study of how facts can inform the framing of constitutional tests The rich proportionality jurisprudence from Germany Canada and South Africa is used to contextualise the approach of the High Court of Australia and to identify future directions for proportionality in Australia at a time when the doctrine is in its formative stages The book has three broad aims First it considers the role of facts within proportionality reasoning Second it offers procedural insights into fact finding in constitutional litigation Third the book's analysis of the dynamic Australian case law on proportionality means it also serves to clarify the nature and status of proportionality in Australia at a critical moment Since the 2015 decision of *McCloy v New South Wales* where four justices supported the introduction of a structured three part test of proportionality the Court has continued to disagree about the utility of such a test These developments mean that this book with its doctrinal and comparative approach is particularly timely

Secured Transactions Law Reform Louise Gullifer, Orkun Akseli, 2016-10-20 Secured transactions law has been subjected to a close scrutiny over the last two decades One of the main reasons for this is the importance of availability of credit and the consequent need to reform collateral laws in order to improve access to

finance The ability to give security effectively influences not only the cost of credit but also in some cases whether credit will be available at all This requires rules that are transparent and readily accessible to non lawyers as well as rules that recognise the needs of small and medium sized enterprises This book critically engages with the challenges posed by inefficient secured credit laws It offers a comparative analysis of the reasons and the needs for a secured transactions law reform as well as discussion of the steps taken in many common law civil law and mixed law jurisdictions The book written under the auspices of the Secured Transactions Law Reform Project informs the debate about reform and advances novel arguments written by world renowned experts that will build upon the existing literature and as such will be of interest to academics legal practitioners and the judiciary involved in secured transactions law around the world The text considers reform initiatives that have taken place up to the end of April 2016 It has not been possible to incorporate events since then into the discussion However notable developments include the banks decree passed by the Italian Government on 29th June 2016 and the adoption of the Model Law on Secured Transactions by UNCITRAL on 1st July 2016

Trusts and Private Wealth Management Richard Nolan, Hang Wu Tang, Man Yip, 2022-12-22 There has been insufficient literature focusing on the world changing rise of Asian wealth Private wealth in Asia is very substantial with 33 per cent of the global population of high net worth individuals based in Asia Yet there is a dearth of legal analysis of Asian wealth particularly by texts written in English This collection aims to fill that gap with chapters on legal issues in relation to Asian wealth transmission investments in international real estate familial disputes family offices and private trust companies A substantive section of this book also focuses on the changing legal context with chapters exploring trusts and cryptoassets constructive trust trustee s discretion and decision making changing regulatory environment and abuse of trust structures This collection of essays on trusts and wealth management presents a focus on Asian wealth and the changing legal context and follows the related publication Trusts and Modern Wealth Management Cambridge University Press 2018
