Johnny Appleseed and the American Orchard William Kerrigan, 2012-10-02 Johnny Appleseed and the American Orchard illuminates the meaning of Johnny Appleseed Chapman's life and the environmental and cultural significance of the plant he propagated Creating a startling new portrait of the eccentric apple tree planter William Kerrigan carefully dissects the oral tradition of the Appleseed myth and draws upon material from archives and local historical societies across New England and the Midwest The character of Johnny Appleseed stands apart from other frontier heroes like Davy Crockett and Daniel Boone who employed violence against Native Americans and nature to remake the West His apple trees nonetheless were a central part of the agro ecological revolution at the heart of that transformation Yet men like Chapman who planted trees from seed rather than grafting ultimately came under assault from agricultural reformers who promoted commercial fruit stock and were determined to extend national markets into the West Over the course of his life John Chapman was transformed from a colporteur of a new ecological world to a curious relic of a pre market one Weaving together the stories of the Old World apple in America and the life and myth of John Chapman Johnny Appleseed and the American Orchard casts new light on both James Gilbert University of Maryland

Terrence Malick and the Examined Life Martin Woessner, 2024-03-25 Terrence Malick is one of American cinema's most celebrated filmmakers His films from *Badlands* 1973 and *Days of Heaven* 1978 to *The Thin Red Line* 1998 *The Tree of Life* 2011 and most recently *A Hidden Life* 2019 have been heralded for their artistry and lauded for their beauty but what really sets them apart is their ideas Terrence Malick and the Examined Life is the most comprehensive account to date of this unparalleled filmmaker's intellectual and artistic development Utilizing newly available archival sources to offer original interpretations of his canonical films Martin

Woessner illuminates Malick's early education in philosophy at Harvard and Oxford as well as his cinematic apprenticeship at the American Film Institute to show how a young student searching for personal meaning became a famous director of Hollywood films. Woessner's book presents a rich interdisciplinary exploration of the many texts, thinkers, and traditions that made this transformation possible, from the novels of Hamlin Garland, James Jones, and Walker Percy to the philosophies of Stanley Cavell, Martin Heidegger, and Søren Kierkegaard to road movies, Hollywood Westerns, and the comedies of Jean Renoir. Situating Malick's filmmaking within recent intellectual and cultural history, Woessner highlights its lasting contributions to both American cinema and the life of the mind. Terrence Malick and the Examined Life suggests it is time for philosophy to be viewed not merely as an academic subject overseen by experts but also as a way of life open to each and every moviegoer.

Listening and Speaking in the English Classroom Roger L. Cayer, 1971 [Catalog of Published Concert Music by American Composers](#) United States Information Agency, 1964 Color drawings accompany a collection of well-known nursery rhymes *American Stories* Paul Aron, 2020-08-01 *American Stories* follows the evolution of our founding stories and myths and how they spread far and wide throughout our history. The story of the cherry tree, for example, tells us nothing about George Washington's actual childhood but surely it tells us something about what Americans wanted in the father of their country: an incorruptible leader of the people. Along the same lines, the story of Betsy Ross's flag tells us nothing about how the Stars and Stripes came to be but does tell us something about what Americans wanted in a founding mother: it is no coincidence that the Ross story, featuring a traditional woman's role of sewing at home, was first told in 1870, one year after Elizabeth Cady Stanton and Susan B. Anthony challenged these roles by founding the National Woman Suffrage Association. There's another reason these stories spread and that provides another reason to follow their evolution: From Dodge City to Deadwood and from Bunker Hill to San Juan Hill and beyond, these stories all have one thing in common: they are all a lot of fun to read. *Poems Old And New* Helen Ferris, 1957 **History on the March: Makers of the Americas**, 1955 **The Family Read-aloud Holiday Treasury**, 1993 Seventy-two works of well-loved poets and authors compose this holiday collection. **Civics for Young Americans** Rollin Bennett Posey, 1963 **Index to Children's Poetry** John Edmund Brewton, 1965 **Reading Roundup** Paul Andrew Witty, 1955
