

1 INTRODUCTION

1.1 Purpose of the CT Study Instruction Manual

The purpose of this instruction manual is to help you complete original and revised CT studies for your treatment plant using the CT Template.

1.2 What Systems Can Use the New Automated CT Study Template?

The Template is primarily intended for small and medium size treatment plants. The template is designed for treatment plants with no more than 10 disinfection zones, each zone consisting of no more than 10 treatment units. If your plant does not meet these requirements, your CT study will need to be completed manually.

1.3 How Is This Instruction Manual Organized?

Table 1-1 gives a summary of the chapters in this manual and what they cover.

Table 1-1: CT Study Template Guidance Manual Chapters

Chapter	Topics
1	Introduction This chapter describes who is eligible to use the new Template and discusses how to use this guidance manual.
2	CT Studies and the CT Study Approval Letter This chapter details the concepts used in the preparation of a CT Study and the subsequent approval process. A firm understanding of the background presented here is critical to the preparation of an accurate CT Study.
3	Describing Your Treatment Plant This chapter presents the guidelines you will use follow in writing a narrative description and preparing a plant schematic.
4	Describing Your Disinfection Zones This chapter takes you through the steps involved with customizing the Template to accurately reflect the number of disinfection zones and treatment units in your treatment plant. This chapter outlines the information you must enter to characterize your disinfection process.
5	Evaluating Your Disinfection Protocol Chapter 5 describes the Calculator worksheet of the CT Study Template and the information you must provide to determine whether your disinfection process provides adequate disinfection.
6	Submitting Your CT Study Report This chapter presents the steps involved with submitting your complete CT Study Report to the TCEQ.

How To Write Instruction Manual:

Statistics Sample Instruction Manual Harry Frank, Steven C. Althoen, Amy Collins Siefert, 1994-08-26 This instructor's manual for *Statistics Concepts and Applications* contains full solutions rather than just answers to the exercises given in Frank and Althoen's main textbook. It is available directly from the publisher free of charge to all teachers using *Statistics Concepts and Applications* as their adopted text. These books together with the inexpensive supplementary workbook and tutorial *User Friendly* and the remarkably powerful and easy to use DOS compatible computer software package *ASP* provide a rigorous and comprehensive undergraduate course in classical statistics. When your project starts to take off, you will find yourself managing a writhing tangle of ideas, possibilities and potential potholes. How do you turn your inspiration into a finished novel? *Writing a User's Manual* offers practical insight into the processes that go into writing a novel, from planning to story development, research to revision and finally delivery in a form which will catch the eye of an agent or publisher. David Hewson, a highly productive and successful writer of popular fiction with more than sixteen novels in print in twenty or so languages, shows how to manage the day-to-day process of writing. Writers will learn how to get the best out of software and novel writing packages such as *Scrivener*, which help you view your novel not as one piece of text but as individual linked scenes, each with their own statistics, notes and place within the novel structure. As you write, you will need to assemble the main building blocks to underpin your

artistry story structure genre and how that affects what you write point of view past present or future tense software for keeping a book journal to manage your ideas research and outlining organization and more The advice contained in this book could mean the difference between finishing your novel and a never ending work in progress An essential tool for writers of all kinds Foreword by Lee Child **User's Manual, B 5000/B 6000/B 7000 Series DMSII Interpretive Interface** ,1984
