Globalization

is a force or process that involves the entire world and results in making something worldwide in scope

How was the recession that began in 2008 an example of globalization?

The entire world was in debt for more than a half a century (together)

In what ways is globalization of culture manifested in the landscape? Provide an example

Globalization of culture is manifested in the landscape can be by culture beliefs. An example is making fast food chains that all have the same appearance so that wherever you go you know where you can eat.

In what ways has the communications revolution played a role in globalization?

The communications revolution played a role in globalization because during the communications revolution, there were newspapers being invented so that everyone could know the 'worldwide' news.

Why might some group(s) of people oppose globalism or globalization?

Some groups might oppose globalism or globalization because there is such an advance in technology and they might not be able to keep up with different trends. They might also oppose it because then some of their culture might "fade away" based on what people are doing and the whole idea of globalization.

Art-Centered Learning Across the Curriculum Julia Marshall, David M. Donahue, 2015-04-28 This handbook provides teachers with a framework for implementing inquiry based substantive art integration across the curriculum along with the background knowledge and models needed to do this Drawing on ideas from Harvard Project Zero the authors make a clear and compelling argument for how contemporary art supports student learning The text features subject specific chapters co written by teaching scholars from that discipline Each chapter includes examples of contemporary art with explanations of how these works explore the fundamental concepts of the academic discipline The book concludes with a chapter on an integrated inquiry based curriculum inspired by contemporary art including guidelines for developing art projects teachers can adapt to their students interests and needs This resource is appropriate for art teachers as well as subject area teachers who are not familiar with using contemporary art in the classroom I am so excited about this book The visuals alone are enough to clue teachers in on ways that Contemporary Art can blow their curriculums open to become engaging relevant vehicles for their students to ride across the 21st century From the first scan readers cannot help but see the power of Contemporary Art in transforming classrooms and learning From the Foreword by Lois Hetland professor and chair of art education at Massachusetts College of Art and Design and co author of *Studio Thinking 2* *Art Centered Learning Across the Curriculum* well surpasses its goal to demystify contemporary art for K 12 teachers In this important text the authors present a direct challenge to educators and public education reformers of all stripes to embrace the arts and design practices across disciplines as a potent means for building beautiful minds not merely as a tool for beautifying dingy school corridors This new book serves as a primer for fashioning the kinds of integrated curriculum frameworks required for success in today s global knowledge economy James Haywood Rolling Jr chair of art education and a dual professor in art education and teaching and leadership Syracuse University
