Fundamentals of Managing Technology Ventures Sutti Sooampon,2025-02-04 This book presents a foundational guide for business students seeking to understand the fundamentals of managing technology ventures While typically reserved for more advanced graduate coursework there is a growing trend towards integrating technology and innovation topics into bachelor s and early graduate programs across various institutions The aim of this book is to introduce

students to basic management concepts applicable to technology ventures without delving deeply into technical details. By focusing on straightforward principles, readers can grasp how these concepts influence the development of new ventures and projects at every stage. Rather than overwhelming readers with complex theories, the book offers practical guidance that can be easily applied in real world scenarios. Its objective is to equip future business leaders with the knowledge and skills needed to navigate the landscape of technology ventures confidently and effectively.

Technology Business Incubators in India M H Bala Subrahmanya, H S Krishna, 2021-01-18

Why do Technology Business Incubators (TBIs) emerge rapidly as an instrument of start up promotion in emerging economies like India? In what forms? What role do they play in start up promotion? What are their major achievements? These questions have been answered empirically in this book. Accordingly, this book explores the nature, structure, and process of incubation, resulting in start up generation, and in the process, R D contribution emerging from TBIs comprising accelerators, incubators, and co-working spaces in three of the leading start up hubs, namely Bangalore, Chennai, and Hyderabad in India. It describes typology, objectives, sponsors, and facilities provided by these TBIs. It further explores the process of selection, incubation, and graduation of start ups as it exists in these TBIs. Thereafter, it makes an assessment of R D contributions that have emerged from the TBIs in the form of R D inputs comprising personnel and capital expenditure, and R D output in the form of new products, services, developed patent applications, filed, and revenue generated. Policy makers, researchers, engineering and management students, technology and business mentors, angels, venture capitalists, and MNC executives will find this book informative, revealing, and a source of valuable insights on the new emerging India.

Science and Technology Based Regional Entrepreneurship Sarfraz A. Mian, 2011

Providing a global survey of public policies and programs for building national and regional ecosystems of science and technology based entrepreneurial development, this book provides a unique analysis of the advances over the last several decades and in light of the experiential knowledge gained in various parts of the world in the understanding of innovation systems in the pursuit of developing these economies. Presenting nineteen case studies of diverse developed and emerging economy nations and their regions, more than thirty expert authors describe an array of policy and program mechanisms that have been implemented over the years. The in-depth analyses of the worldwide efforts featured in this volume provide the reader with several valuable lessons. There are clear indications of a trend toward better cohesion and coordination of national efforts to improve innovation, but also a trend toward the broadening of regional agendas to address technology, talent, capital, innovation, infrastructure, and entrepreneurship culture issues considered essential for knowledge based entrepreneurial growth. The book also offers a unique treatment of grassroots level programmatic aspects of these efforts, including some novel entrepreneurial mechanisms employed for policy implementation. The book's blend of theory and practice provides valuable insights to the reader, particularly government, academic, and private sector policymakers and scholars researching or involved directly with efforts to build and support the development of science and technology based
