Manifeste Pour La Justice:

La Promotion de la Justice, Des Droits de L'homme Et Du Règlement Des Conflits Par Le Droit

International Marcelo Gustavo Kohen, 2007 This Liber Amicorum is published at the occasion of Judge Lucius Caflisch's retirement from a distinguished teaching career at the Graduate Institute of International Studies of Geneva where he served as Professor of International Law for more than three decades and where he has also held the position of Director. It was written by his colleagues and friends from the European Court of Human Rights from universities all around the world from the Swiss Foreign Affairs Ministry and many other national and international institutions. The Liber Amicorum Lucius Caflisch covers different fields in which Judge Caflisch has excelled in his various capacities as scholar, representative of Switzerland in international conferences, legal adviser of the Swiss Foreign Affairs Ministry, counsel, registrar, arbitrator and judge. This collective work is divided into three main sections. The first section examines questions concerning human rights and international humanitarian law. The second section is devoted to the international law of spaces including matters regarding the law of the sea, international waterways, Antarctica and boundary and territorial issues. The third section addresses issues related to the peaceful settlement of disputes both generally and with regard to any particular means of settlement. The contributions are in both English and French.

L'obligation de renvoi préjudiciel à la Cour de justice Laurent Couton, 2014-05-27. Amorçé par l'arrêt Kbler un mouvement jurisprudentiel récent a conduit la Cour de justice à concevoir divers mécanismes qui permettent aux justiciables de sanctionner directement ou indirectement une juridiction nationale qui a méconnu son obligation de renvoi préjudiciel. C'est ainsi que les justiciables pourront solliciter la remise en cause de la chose décidée voire de la chose jugée ou encore chercher à engager la responsabilité judiciaire de l'État. On pressent pourtant que les solutions très restrictives forgées par la Cour de justice sont supplantées par les dispositifs nationaux. Ceux-ci paraissent en effet plus aisés à actionner voire plus performants qu'il s'agisse de la violation du droit au juge légal comme en Allemagne ou en Espagne ou encore de l'introduction du dispositif législatif suédois. La présentation sans gal ce jour de près de vingt rapports nationaux permettra de mieux apprécier l'effectivité de la protection juridictionnelle dont disposent les justiciables via le renvoi préjudiciel. L'intérêt de cet ouvrage est d'autant plus vif que l'adhésion prochaine de l'Union européenne à la Convention européenne des droits de l'homme se traduira vraisemblablement par une revitalisation des dispositions permettant de sanctionner une violation de l'obligation de renvoi préjudiciel. Cet ouvrage s'adresse principalement aux magistrats et aux avocats ainsi qu'aux universitaires spécialisés dans l'étude du droit processuel.

Les intelligences artificielles au prisme de la justice sociale. Considering Artificial Intelligence Through the Lens of Social Justice Collectif

Collectif, 2024-07-24T00:00:00-04:00 Cet ouvrage vient clôturer deux années de réflexion intensive sur les enjeux à l'intersection entre la justice sociale et les technologies d'IA. Une compréhension de ces impacts sociétaux passe alors l'aspect technique pour se concentrer principalement sur le fait social.

Yearbook of the European Convention on Human Rights/Annuaire de la convention europeenne des droits de l'homme, Volume 12 (1969) Council of Europe/Conseil de l'Europe,1971-07-01 *De l'indépendance de la justice* Jean-Jacques Urvoas,2023-04-26 L ind pendance de la justice entra ne t elle n cessairement celle du parquet Et quel doit tre le r le v ritable du garde des Sceaux Depuis plus de vingt ans un syllogisme orient s est install les magistrats sont ind pendants les procureurs sont des magistrats donc les procureurs doivent tre ind pendants Or cette confusion volontaire compte pour beaucoup dans les difficult s rencontr es dans notre pays par le garde des Sceaux pour mettre en place une v ritable politique p nale efficace De cela les gouvernants ne peuvent se plaindre car ils en sont les seuls coupables Ils ont progressivement

sacrifier toutes les prérogatives du pouvoir gouvernemental sur l'autel de l'indépendance de la justice en le déplaçant dans le même mouvement de la capacité d'assumer la responsabilité de ses choix politiques. Aujourd'hui la rivalité des prérogatives du garde des Sceaux en matière pénale est proche d'une peau de chagrin. Avec ce livre Jean Jacques Urvoas propose d'en finir avec ces errements. Il trace un chemin politique pour recréer une harmonie entre l'action judiciaire et la volonté nationale. Jean Jacques Urvoas est professeur de droit public à l'université de Brest. Après avoir présidé comme député du Finistère la commission des lois de l'Assemblée nationale, il fut dans les gouvernements de Manuel Valls et de Bernard Cazeneuve ministre de la Justice, garde des Sceaux.

[Time in the Philosophy of Gabriel Marcel](#) Helen Tattam, 2013. Gabriel Marcel (1889-1973) stands outside the traditional canon of twentieth-century French philosophers. Where he is not simply forgotten or overlooked, he is dismissed as a relentlessly unsystematic thinker, or following Jean-Paul Sartre's lead, labelled a Christian existentialist, a label that avoids consideration of Marcel's work on its own terms. How is one to appreciate Marcel's contribution, especially when his oeuvre appears to be at odds with philosophical convention? Helen Tattam proposes a range of readings, as opposed to one single interpretation, a series of departures or explorations that bring his work into contact with critical partners such as Henri Bergson, Paul Ricoeur, and Emmanuel Levinas, and offer insights into a host of twentieth-century philosophical shifts concerning time, the subject, the other, ethics, and religion. Helen Tattam's ambitious study is an impressively lucid account of Marcel's engagement with the problem of time and lived experience, and is her first monograph since the award of her doctorate from the University of Nottingham.

De La Justice Politique W. Godwin, 1972-06-30 *The World We Could Win* G. Fraser-Moleketi, Geraldine Fraser-Moleketi, 2005-09-14 Global Governance represents a new way of thinking about the world we live in This new vision of Global Governance is the result of two converging forces One is historical the other conceptual One is the fact that the world is growing closer empirically linked by the thousands of wires and streams of information and satellites and phones and screens and jet planes that bind us now Conceptually the world needs to be able to step outside itself and see itself and then develop a language to capture that new vision We can view the globe as one unit with not necessarily a government but certainly a system of governance The fact that there is no world government does not mean that there is no system of global governance It is a place it is a polity it has a system by which authority is shared and spread and used and for that the new word governance that has emerged in the academic literature is the mot juste It has no implication of entitlement to decide it is simply a word to describe a process The first part of this book with six essays looks thematically at different elements or facets of Global Governance and the issues that arise The second half of this volume deals with some regional perspectives on Global Governance Our aim in this book is to raise our eyes beyond the currently known world in public administration and look at the new unit of analysis clearly It is the world we could win

Pauvreté et inégalités en Grande-Bretagne, 1942-1990 Antoine Capet, Philippe Romanski (dir.), Aïssatou Sy-Wonyu (dir.), 2001 Le 20^e siècle semble traverser de lui des valeurs et des réalités qu'il pensait combattre jamais. Ingalité et pauvreté n'étaient déjà pas plus envisageables depuis au moins deux siècles et le Royaume-Uni semblait porter les espoirs de cette renaissance. Depuis 1942, d'aucuns affirment que le processus de richesse, d'egalité, de pauvreté est un des plus stables du pays. Qu'en est-il au juste ? Le recueil bilingue anglais-français apporte sa contribution au débat.
