C. Battle, Tom Connolly, Anne M. Keese, 2012-12-06 Charles S Sahagian Chief Electromagnetic Materials Technology Branch Deputy for Electronic Technology Hanscom AFB MA 01731 It should not be surprising that an event as significant as the discovery of the laser has had some concomitant impact on other areas of science and technology but the extent of the impact was grossly unpredicted Upon perusal of this bibliography devoted to the subject of laser window and mirror materials it becomes very apparent that the effect of the laser on materials and as new frequencies improved tunability higher power and other characteristics are achieved we can expect even greater demands and requirements on the materials community What are some of the highlights disclosed by this bibliography with regard to work already accomplished First one can note the extensive investigations into developing new materials while at the same time improving

old ones Among the latter alkali halides for example have essentially had a rebirth In the past five years more progress has been achieved in the chemical and structural perfection of this class of materials than in the entire preceding century Also carried along in the surge for improved laser materials have been the alkaline earth fluorides prime candidates for 3 to 5 J Lm applications chalcogenides semiconductors oxides and others

The Magic Mirror Denise Jeanne Youngblood,1999 Amid the instability and violence of turn of the century industrialization and urbanization Russians embraced a revolutionary art form to reflect the aspirations and motivations of a new class In The Magic Mirror Denise Youngblood portrays a newly urbanized

entrepreneurial middle class not the revolutionaries or imperialists of historians and the movies they made and paid to see Upon those screens they saw their lives depicted in all their variety and uncertainty Youngblood provides a cultural angle into an era most often viewed through a revolutionary lens Film and the film industry illuminates and reflects the popular attitudes of the time The Magic Mirror is a study of the ten years of native film production through the Revolutions of 1917 based almost exclusively on Russian language primary sources Topics examined include the organization and evolution of the industry followed by description and analysis of genres motifs and themes as exemplified in 65 of the most important surviving films

The Other Side of the Mirror Melissa Wilkinson, 2019-10-18 All of Jory's life she saw visions of the past in her great grandmother's full length mirror But whenever she saw the ghost of her great uncle Irv Lerman dressed in his Air Corps uniform always standing tall by his mother she knew that she was meant to save him by traveling back in time and preventing his untimely death in World War II Researching everything she would need to go back in time she planned her adventure down to the last detail London during wartime was not what Jory had expected it was worse But her relationship with Irv became even more than she could have ever expected He became a big brother a protector and her soul mate Their strong bond was unbreakable even through time Jory's harrowing adventure involved living through air raids of the city and the dangerous kinder transport of Jewish children escaping the Holocaust But saving Irv from his fate would take convincing on his part Dying for his country was part of the deal when he signed up to go to war Now that his angel his soul mate had come back through time to save him would he make the choice to live Or would Jory's journey through time be forever in vain
