Exodus: The Ark Paul Chafe,2009-11-01 The gigantic starship Ark was launched on a voyage of ten thousand years from an Earth on the brink of collapse Its mission was to carry a portion of the human race to a new home circling another star but centuries after its departure the descendants of the original crew no longer remember that they are on a city sized spaceship and know nothing of the Ark s mission nor of the starry universe outside The Prophetsy a theocracy based on slavery and terror has ruled over most of the Ark for longer than anyone now living can remember and it has just succeeded in conquering the few remaining free regions of the ship Yet there are chinks in the monolithic tyranny Danil has been a slave since he was a young boy but his spirit has never been broken and his keen mind sees ways that the theocracy might be overthrown and envisions new weapons that could achieve that victory Annaya is the daughter of the Prophet Polldor undisputed ruler of the Prophetsy She is far more intelligent and strong willed than her brother but only a male heir can become the next Prophet To her father she is only a pawn to be married off to a powerful ally But she is determined that will not happen even if she has to somehow overthrow both her father and the Prophetsy itself Olen the Prophet s son is anxious to become the next Prophet He will cooperate in his sister s plans as long as he thinks they will lead to his assuming the throne and gaining absolute power but he is a more dangerous ally than Annaya realizes These three each with a different motive will strive to change the course of history for the Ark But even if they restore freedom to their artificial world can they discover the nature of that world and regain the knowledge necessary for the successful completion of its mission Master storyteller Paul Chafe presents Exodus The Ark the gripping second book of the Ark trilogy At the publisher s request this title is sold without DRM Digital Rights Management
