That spring two bombs exploded in Rice's neighborhood amid a series of chilling Klu Klux Klan attacks. Months later four young girls lost their lives in a particularly vicious bombing. So how was Rice able to achieve what she ultimately did? Her father John, a minister and educator, instilled a love of sports and politics. Her mother, a teacher, developed Condoleezza's passion for piano and exposed her to the fine arts. From both, Rice learned the value of faith in the face of hardship and the importance of giving back to the community. Her parents' fierce unwillingness to set limits propelled her to the venerable halls of Stanford University, where she quickly rose through the ranks to become the university's second in command. An expert in Soviet and Eastern European Affairs, she played a leading role in U.S. policy as the Iron Curtain fell and the Soviet Union disintegrated. Less than a decade later, at the apex of the hotly contested 2000 presidential election, she received the exciting news just shortly before her father's death that she would go on to the White House as the first female National Security Advisor. As comfortable describing lighthearted family moments as she is recalling the poignancy of her mother's cancer battle and the heady challenge of going toe to toe with Soviet leaders, Rice holds nothing back in this remarkably candid telling.

**Orchestral "Pops" Music** Lucy Manning, 2013-10-10 In this second edition of *Orchestral Pops Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful pops concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material, or worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral pops concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral Pops Music* includes at least 1,000 new title listings. *Orchestral Pops Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

**Fare Thee Well** Joel Selvin, 2018-06-19 A tell-all biography of the epic life and fighting of the Grateful Dead in the years following band leader Jerry Garcia's death in 1995. The Grateful Dead rose to greatness under the inspired leadership of guitarist Jerry Garcia, but the band very nearly died along with him after his sudden death in 1995. So long defined by Garcia's artistic vision, the surviving Core Four were reduced to conflicting agendas, strained relationships, and catastrophic business decisions that would lead the iconic band into utter disarray for the next twenty years. Acclaimed music journalist and New York Times bestselling author Joel Selvin was there for much of the turmoil following Garcia's death, and in this book he offers a never-before-explored insider account of the

ebbs and flows that occurred in the decades that followed Culminating in the landmark tour bearing the same name Fare Thee Well charts the arduous journey from Garcia's passing all the way up to the uneasy agreement between the Core Four that led to the series of shows celebrating the band's fiftieth anniversary finally allowing for a proper and joyous sendoff of the group revered by so many
