The History of Herodotus. A New English Version George Rawlinson, 2024-03-19 Reprint of the original first published in 1875 **History of Herodotus a New English Version, Edited with Copious Notes and Appendices, Illustrating the History and Geography of Herodotus, from the Most Recent Sources of Information, and Embodying the Chief Results, Historical and Ethnographical, which Have Been Obtained in the Progress of Cuneiform and Hieroglyphical Discovery by George Rawlinson**, 1862 *The History of Herodotus ; A New English Version, Edited with Copious Notes and Appendices ... by George Rawlinson, Assisted by Col. Sir Henry Rawlinson, K.C.B., and Sir J. G. Wilkinson* Herodotus, 1859 **Jason's Voyage** Klaus Lanzinger, 1989 Jason's Voyage is the first overall comprehensive treatment of the Old World or European theme in American literature in two decades Thoroughly researched the book examines the European tours of four major American writers Herman Melville Nathaniel Hawthorne Henry James and Thomas Wolfe and demonstrates how their European experiences were transmuted into the literary work of art At the same time it defines the central themes in American letters as they evolved in regard to Europe over the hundred year period from 1835 to 1935 Among these are innocence exposed to evil the Grand Tour of Europe as an aesthetic pilgrimage Old World nostalgia and romantic illusions versus sad disappointments the ambivalence arising from American democratic self assertion and the cultural myth of the Old World the search for the Old Home and the American claim to its share of Europe's cultural heritage In its concluding synthesis the book offers astonishing new insights into the relationships of American authors to Europe and in a wider sense enlightens the deep rooted American affinity for the Old World The First Casualty Gregg Loomis, 2013-11-19 DIV Armed with a powerful laser a terrorist group threatens the US and one government agent must race to recover the weapon before it's too late div DIV Air France Flight 447 is high above the Atlantic making its way through a patch of turbulence when its instruments begin to fail Pilot and crew fight to regain control as the plane plummets from the sky but death comes before they even hit the water When investigators pick through the wrecked aircraft and desiccated bodies they can reach only one conclusion Flight 447 disintegrated in mid air div DIV The cause was a laser the likes of which the world has never known Based on the mad dreams of Nikola Tesla the weapon's destructive powers are immeasurable and it has fallen into the hands of Al Qaeda or its allies It's up to Jason Peters a highly trained government operative who was beginning to get bored with his retirement to recover the laser to safety Ending this threat will force him to shed quite a bit of terrorist blood but Peters has never minded getting dirty for the sake of Uncle Sam div Albania Gillian Gloyer, 2018 This new thoroughly updated sixth edition of Bradt's Albania remains the only standalone guide to this dynamic and rapidly modernising eastern European country from the capital Tirana a lively European city with shopping malls cycle paths museums galleries and historic buildings to remote outposts where traditional ways of life prevail Updated by expert author Gillian Gloyer it includes all developments since the last edition reflecting changes such as continued

investment in the road network and construction of fast highways connecting main cities improved hotel provision and new museums dedicated to Albania's communist history. Despite such modernisation, Albania is one of very few European countries where it is still possible to immerse yourself in traditional lifestyles and culture. Bradt's Albania provides details of where to experience this for yourself. In highland villages, people tend their livestock and gather their crops with little or no mechanisation; they milk their cows and goats by hand, they make their own cheese and bread, they distil home-made spirits from local fruits and berries. In addition, many villagers have opened up their traditional homes as guest houses, offering a wonderful opportunity to experience their culture first-hand. Bradt's Albania also includes details of watching the country's rare wildlife, such as wildcats, lynx, wolves and bears, and of visiting its three World Heritage Sites: the archaeological site and national park of Butrint, and the Ottoman cities of Berat and Gjirokastra. Iso polyphony, the traditional music of the south-west, is also listed as part of World Heritage by UNESCO. With rigorously researched historical and archaeological background information, detailed notes on popular and less well-known hiking routes and other outdoor activities, specialist contributors on wildlife, military history and other topics, and an unparalleled wealth of practical advice for the independent traveller, Bradt's Albania is the ideal companion for discovering this intriguing country.

Routledge Handbook of Sport and Corporate Social Responsibility Juan Luis Paramio Salcines, Kathy Babiak, Geoff Walters, 2013-07-18 As the role of sport in society becomes ever more prominent and as sports organisations become increasingly influential members of the global community, so it has become more important than ever for sport to consider its wider social responsibilities. The Routledge Handbook of Sport and Corporate Social Responsibility is the first book to offer a comprehensive survey of theories and concepts of CSR as applied to sport and the social, ethical and environmental aspects of sport business and management. It offers an overview of perspectives and approaches to CSR in sport, examines the unique features of the sport industry in relation to CSR, explores the tools, models, common pitfalls and examples of best practice on which managers can draw, and discusses how CSR and corporate citizenship can be integrated into the sport management curriculum. The book covers every key issue and functional area, including implementation, strategic benefits, communication and corporate image, stakeholder engagement and the measurement and evaluation of CSR policies and practices, and includes detailed international case studies from the NBA and the Olympic Games to Japanese soccer. The Routledge Handbook of Sport and Corporate Social Responsibility is important reading for any student, researcher, manager or policy maker with an interest in sport business, management, ethics or development.

The Giza Revelation Cliff Brennen, 2004-03-10 Jason Dent, a young down-and-out sociologist living in Cairo, is hired by an Egyptian businessman to retrieve stolen archaeological evidence. He must travel to Cape Town, South Africa, infiltrate a group of the victim's colleagues and identify the murderer and thief. Problems arise when he agrees to assist the police in a sting operation at a luxury spa, putting his own life at risk. He must also wrestle with the ethical dilemma of selling scientific findings. The evidence he seeks threatens to ruin scholarly

reputations and tarnish the image of ancient Egyptian civilization His investigation is hampered by foreign intrigue and the discovery that he is not alone in seeking the evidence Soundtracked Books from the Acoustic Era to the Digital Age Justin St. Clair, 2022-06-15 Offering both a short history and a theoretical framework this book is the first extended study of the soundtracked book as a media form A soundtracked book is a print or digital publication for which a recorded musical complement has been produced Early examples were primarily developed for the children s market but by the middle of the twentieth century ethnographers had begun producing book and record combinations that used print to contextualize musical artifacts The last half century has witnessed the rapid expansion of the adult market including soundtracked novels from celebrated writers such as Ursula K Le Guin Kathy Acker and Mark Z Danielewski While often dismissed as gimmicks this volume argues that soundtracked books represent an interesting case study in media consumption Unlike synchronous multimedia forms the vast majority of soundtracked books require that audience activity be split between reading and listening thus defining the user experience and often shaping the content of singing books as well Mapping the form s material evolution this book charts a previously unconsidered pathway through more than a century of recording formats and packaging strategies emphasizing the synergies and symbioses that characterize the marriage of sound and print As such it will be of value to scholars and postgraduate students working in media studies literary studies and sound studies **The Septuagint Version of the Old Testament, with an English translation; and with various readings and critical notes.  Thomas S. Hischak, 2015-04-16 For more than a century original music has been composed for the cinema From the early
 days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone
 synthesizer to embody a composition music has been an integral element of most films By the late 1930s movie studios had
 established music departments and some of the greatest names in film music emerged during Hollywood's Golden Age
 including Alfred Newman Max Steiner Dimitri Tiomkin and Bernard Herrmann Over the decades other creators of screen
 music offered additional memorable scores and some composers such as Henry Mancini Randy Newman and John Williams
 have become household names The Encyclopedia of Film Composers features entries on more than 250 movie composers
 from around the world It not only provides facts about these artists but also explains what makes each composer notable and
 discusses his or her music in detail Each entry includes Biographical material Important dates Career highlights Analysis of the
 composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have
 written music for movies over the past one hundred years In addition to composers from the United States and Great Britain
 artists from dozens of other countries are also represented A rich resource of movie music history The Encyclopedia of Film
