End of Covid 'in sight'

BY RED MENDOZA

THE Department of Health (DoH) agreed with the observation of the World Health Organization (WHO) that the end of the Covid-19 pandemic is "in sight," but added that the country must be prepared to transition to the endemic stage.

WHO Director-General Dr. Tedros Adhanom Ghebreyesus noted that with the number of new cases and deaths continuing to fall, the Covid-19 pandemic is nearing its end.

"We have never been in a better position to end the pandemic. We are not there yet, but the end is in sight," Tedros said in his briefing on Wednesday. » CovidA2

No let-up in terror fight, Marcos vows

PRESIDENT Ferdinand "Bongbong" Marcos Jr. has vowed that there will be no let-up in the government's fight against terrorism and violent extremism.

The President made the promise when he visited the offices and troops of the Philippine Army's 6th Infantry Division (ID) stationed at Camp Serrano in General Santos City, last September 15.

He said there are still extremist groups who want to banditry and warring there. » FightA9

Mars rover sees hints of past life in rock samples

WASHINGTON, D.C. NASA's Perseverance rover has detected its highest concentration yet of organic molecules, in a potential signal of ancient microbes that scientists are eager to confirm when the rock samples are eventually brought to Earth.

While organic matter has been found

on the Red Planet before, the new discovery is seen as especially promising because it came from an area where sediment and rocks were deposited into a lake — conditions where life could have arisen.

It is very fair to say that there are going to be, there already are, the most

valuable rock samples that have ever been collected," David Shuster, a Perseverance science team scientist, told reporters during a briefing.

Organic molecules — compounds made primarily of carbon that usually include hydrogen and oxygen, but

Filipino girls better at learning than boys — Unicef

IN the Philippines, girls were better than boys at learning math, reading, writing and science, data from a recent United Nations Children's Fund (Unicef) report showed.

Unicef Philippines Chief of Education Jay Posing told The Manila Times that girls outperforming boys was "consistent in all international tests" as well as in educational learning.

As the country returns to in-person learning, the Unicef recommended remedial programs for foundational skills, such as numeracy and literacy, accompanied by psychosocial support strategies, to make

up for the learning loss at the height of the Covid pandemic when schools worldwide were forced to close.

Posing also urged the strengthening of pre-service and in-service teacher training programs and increasing the budget for education.

The results from the Philippines went against the international trend where girls in 34 low- and middle-income countries lag behind boys in mathematics, with science and gender stereotypes identified as among the most causes.

It found that "boys have up to 1.3 times

THERE is a just too much focus on the proposal to make ROTC mandatory in senior high school. Even the Commission on Higher Education estimates the thought of having some kind of military training and community service offered as an option for college students. Some people have even proposed that military training be made mandatory for all adult Filipinos.

The idea is that it is only through military service that love for country and discipline can be inculcated in the youth and adult citizens of the Philippines. » ContrerasA5

FROM the south, "The truth will out," as Shakespeare said. Eventually, people will figure out what you did and they'll expose your actions.

You've all had the experience of trying to keep a lie quiet. In most cases, that leads to creating more lies to cover up the old lies. As a result, you end up in a vicious cycle of lying and people eventually figure out that you're lying about your actions. » MakasantaA5

MY novel, Riverrun, was published by Penguin Random House Southeast Asia in August 2020. Our book launches scheduled in several countries did not materialize because of Covid-19. The novel is now being sold at Book 222, the book of Allens, Distributors and Penguin Random House at the Manila International Book Fair, MIAF, Convention Center, Mall of Asia, until tomorrow.
