Heidi's latest work on the new literacies and provides enhanced versions of strategies designed to help educators integrate critical language skills into their daily operational curriculum. These strategies include Revising and expanding the role of all teachers so that they see themselves as classical language and contemporary literacy teachers. Separating vocabulary into three distinctive types with distinctive instructional approaches to sustain and extend independent language development. Building creative and visual notetaking and sketchnoting strategies. Designing media projects for every class level and employing a consistent editing and revision policy for writing assignments. Using a formal approach to develop speaking skills through four discussion types to increase civil public discourse. Employing direct technical instruction that promotes the use of the human voice and body as a speaking and communication instrument. Using Curriculum Mapping to develop formal benchmark assessments for active literacy and new literacy cultivation in every subject and on every level. Each chapter is focused on a specific strategy and includes practical examples so you can easily implement the ideas no matter what grade level or subject area you teach.

Math Know-How Thomasenia Lott Adams, Joanne LaFramenta, 2013-12-10 From two math coaches who really know how. Have you ever wished there were a single resource to help you tackle your most persistent teaching issues once and for all? To engage students in more meaningful ways? To provide the tools you need to increase students' understanding of key mathematical concepts? All at the same time? Math coaches Thomasenia Lott Adams and Joanne LaFramenta have just written it. Written especially for grade 3-5 teachers, *Math Know-How* is organized around real questions Adams and LaFramenta have fielded from real teachers' questions that have remained remarkably consistent across the hundreds of educators they have advised. Now these two coaches share their hard-won wisdom with you, including how to employ strategies to connect instruction to the CCSS, especially the Mathematical Practices. Negotiate the wide range of lesson planning and instructional choices. Catch up when you fall behind your pacing guide. Explore the myriad possibilities for exploiting technology in the classroom. Engage students with diverse learning needs. Read this book cover to cover and start asking and answering questions of your own about your teaching practice. As we shift from individual standards to the Common Core State Standards for Mathematics, this book will be a valuable resource in establishing strategies and instructional techniques to better equip teachers for the overwhelming transition. Nena Mathews, Math Science Teacher, Florence, SC.
