Second Chances, Edna James, 2008-02. Mattie Collins, a young shy country girl, has overcome many obstacles in her short life and for the first time experiences the kind of love that songs are written about. Mattie's life seemed to be going so well when she suddenly finds it all threatened by a past she has no memory of. Will she lose all that has become dear to her or survive the battle of a lifetime to keep it? Francophone Cultures and Geographies of Identity, Zsuzsanna Fagyal, H. Adlai Murdoch, 2014-07-03. This collection of original essays challenges French-centered conceptions of francophonie as the shaping force of the production and study of the French language, literature, culture, film, and art, both inside and outside mainland France. The traditional view of francophone cultural productions as offshoots of their hexagonal avatar is replaced by a pluricentric conception that reads interrelated aspects of francophonie as products of specific contexts, conditions, and local ecologies that emerged from post-colonial encounters with France and other colonizing powers. The twenty-one papers, grouped into six thematic parts, focus on distinctive literary, linguistic, musical, cinematographic, and visual forms of expression in geographical areas long defined as the peripheries of the French-speaking world: the Caribbean, the Indian Ocean, the Maghreb, sub-Saharan Africa, Quebec, and hexagonal cities with a preponderance of immigrant populations. These contested sites of French collective identity offer a rich formulation of distinctly local francophone identities that do not fit in with concepts of linguistic and ethnic exclusiveness but are consistent with a pluralistic demographic shift and the true face of Frenchness that is indeed plural.

**Once a Week**, Eneas Sweetland Dallas, 1867. Wallace's Year-book of Trotting and Pacing in, 1907. **The Secret Spiritual World of Children**, Tobin Hart, PhD, 2010-10-06. Many of the great mystics and sages in history have told us that their spiritual realizations began in childhood. Gandhi, Albert Einstein, and Abraham Lincoln are just a few famous figures who have reported these events. Based on more than five years of interviews, this book combines startling firsthand accounts of secret spiritual lives, including recollections from adults who have forgotten or repressed such experiences in childhood. The author explains how parents, educators, and therapists can recognize, identify, and nurture children's deep spiritual connections. The book is divided into ten chapters treating the phenomena of wisdom, wonder, and visions, including guiding parents along the spiritual path, building a curriculum, and learning from children. A new way to pay old debts, 1868.
