## For Community Officials

An aerial photograph showing a significant flood event. A wide, muddy brown river flows through the center of the image. To the left of the river, a dense line of green trees separates it from a flooded area. In the center, a large, long building with a white roof is partially submerged in the floodwater. To the right of the building, a road or path is also flooded. The background shows more green fields and some distant structures under a clear sky.
