## Achievement Testing Prep Guide CAT Level 2 for Grade 3

---

### Introduction

This guide is intended to provide to the reader additional information which will aid in preparing for administration of the California Achievement Test (CAT). Some of this information focuses on the scope of the test and will allow the reader to review with students concepts that will be encountered during the test. Other information within this document describes the specifics of how the CAT is evaluated and tips for maximizing effectiveness of the testing process. This document is intended to be an additional tool available to test administrators to provide students the best possible testing experience. Additional tools available from Academic Excellence are the CAT worksheets and the online practice CAT available at [AcademicExcellence.com](http://AcademicExcellence.com).

### Description of the CAT

The Level 2 CAT for 3<sup>rd</sup> grade contains tests in three essential skills areas: Reading, Mathematics, and Language. These three normed skills areas contain nine normed sections which are administered in nine units. The following are brief descriptions of the nine normed sections of the CAT battery.

### Reading Vocabulary

Number of questions: 40

Time allowed (timed version): 11 minutes

#### Description:

This section contains two parts: Word Skills and Words in Context. These two sections are tested together, within the 11 minutes allotted. Since there is a sample question with instructions to be read to your student between these two sections, please pause the timer while your student does the sample question if utilizing a timed test.

#### Word Skills

The first part contains 20 items of four words each. In some items, the words are printed in capital letters, and, in others, the words are in lower-case letters. For each item, read the word, and the student must choose the identical word in written form from the list of four words.
