

which is not warm enough and continent
To hide the stain! O, from this time forth,
My thoughts be bloody, or be nothing worth!

9. Hamlet's witnessing of the army led "a delicate and tender prince" to fight a battle over a small piece of land leads him to this lengthy soliloquy because
- a. He feels honored to have seen such brave soldiers going off to war and speaks in praise of them.
 - b. He feels the pang of conscience at his own inability to act given the gravity of the circumstances that he has been facing and yet failing to deal with.
 - c. He thinks that the prince (Fortinbras) is foolishly for leading men into a deadly battle for a small piece of land.
 - d. He is stirred up and considers leading an expedition such as this in his own country.
 - e. He considers the possibility of raising an army against Claudius because he doesn't think he can exact his revenge alone.

10. Hamlet's reference to "an egghead" underscores:
- a. the delicate nature of the issue he is dealing with between Claudius, Gertrude and himself.
 - b. the insufficiency of the crime that Claudius has committed and the desperate need for Hamlet to exact revenge.
 - c. the seeming insignificance of the land that Fortinbras is attempting to conquer yet his determination to seek it out.
 - d. the tenderness of Fortinbras' feelings towards his deceased father and his determination to honor him no matter what the cost.
 - e. the importance of defending honor no matter how great the cost.

11. The "tender prince," Fortinbras, constitutes what many scholars have argued to be a foil for Hamlet. The following lines provide evidence for this argument:

- a. "O, from this time forth! My thoughts be bloody, or be nothing worth!"
- b. "What is a man? If his chief good and market of his time/be but to sleep and feed? A beast, no more."
- c. "A thought which, quarter'd, hath but one part wisdom! And even three parts coward, I do not know! Why yet I live to say 'This thing's too do!'"
- d. "Frightly to be great! I do not stir without great argument, But greatly to find quarrel in a straw! When honour's at the stake. How stand I then, That have a father kill'd, a mother stain'd... Which is not warm enough and continent to hide the stain!"
- e. "Sure he that made us with such large discourse... no less in us unused."

12. In line 12, Hamlet's mention of men who "go to their graves like beds" represents the use of:

- a. simile
- b. metaphor
- c. allusion
- d. symbolic personification

Hamlet on the Holodeck Janet H. Murray, 2016-02-02

Stories define how we think the way we play and the way we understand our lives And just as Gutenberg made possible the stories that ushered in the Modern Era so is the computer having a profound effect on the stories of the late 20th century Today we are confronting the limits of books themselves anticipating the end of storytelling as we know it even as we witness the advent of a brave new world of cyberdramas Computer technology of the late twentieth century is astonishing thrilling and strange and no one is better qualified than Janet Murray to offer a breathtaking tour of how it is reshaping the stories we live by Can we imagine a world in which Homer's Iyde and Gutenberg's press have given way to virtual reality environments like the Star Trek holodeck Murray sees the harbingers of such a world in the fiction of Borges and Calvino movies like Groundhog Day and the videogames and Web sites of the 1990s Where is our map for this new frontier and what can we hope to find in it What will it be like to step into our own stories for the first time to change our vantage point at will to construct our own worlds or change the outcome of a compelling adventure be it a murder mystery or a torrid romance Taking up where Marshall McLuhan left off Murray offers profound and provocative answers to these and other questions She discusses the unique properties and pleasures of digital environments and connects them with the traditional satisfactions of narrative She analyzes the state of immersion of participating in a text to such an extent that you literally get lost in a story and obliterate the outside world from your awareness She dissects the titillating effect of cyber narratives in which stories never climax and never end because everything is morphable and there are always infinite possibilities for the next scene And she introduces us to enchanted landscapes populated by witty automated characters and inventive role playing interactors who together make up a new kind of commedia dell'arte Equal parts daydream and how to Hamlet on the Holodeck is a brilliant blend of imagination and techno wizardry that will provoke readers and guide writers for years to come
