*philosophy and religion* Albert John Walford, Marilyn Mullan, Priscilla Schlicke, Library Association, 1996 This new edition of Volume II last published in 1994 has been extensively expanded and revised in all areas Fully updated the new edition includes major changes and covers a span of topics from archaeology through medieval history to statistics It includes philosophy psychology religion social sciences geography biology and history All areas have been completely updated with additional material in economics business and management

**On Legislatures** Gerhard Loewenberg, 2015-11-17 On Legislatures looks at why people support their individual representatives but continue to criticise the legislative system at every opportunity Although legislatures exist in every political system and are meant to represent the people they are generally disparaged because they appear both unrepresentative and indecisive Gerhard Loewenberg explains this puzzling contradiction by examining what representation means and what it takes for a large number of equally representative members to reach decisions It also describes the methods for studying legislatures that have been developed in the social sciences in the last half century and shows their importance in democratic societies throughout the world On Legislatures gets to the heart of the current disconnect between legislatures and the public they are supposed to represent
