The Quarterly Review publishes articles that utilize various methodologies that permit generalizable results which help guide the practice of the field of distance education in the public and private sectors. The Quarterly Review publishes full-length manuscripts as well as research briefs, editorials, reviews of programs and scholarly works, and columns. The Quarterly Review defines distance education as institutionally based formal education where the learning group is separated and where interactive technologies are used to unite the learning group. [Education Policy in England 2010-2024](#) Rebecca Morris, Thomas Perry, 2025-08-28. This text presents an informative overview of Conservative-led education policy over the last 14 years. The book provides a broad and detailed picture of the developing education landscape in England during this period, highlighting the transformational and sometimes radical reforms that the country has seen. Crucially, the book draws together contributions from over 40 esteemed education researchers working in the UK. The chapters showcase work from a range of experienced and early-career researchers, ensuring original thought, provoking, and evidence-informed perspectives as we examine the impact of recent policy and explore how it might develop into the future. Key thematic areas covered include Restructuring and governing the system, Teaching policy, practice, and professionalism, Confronting the challenges of inclusion and inequality, Steering and transforming the curriculum and assessment. This timely collection will interest students at all levels, researchers, education professionals, and policymakers. It sheds important light on this tumultuous era for education policy and will inform those interested in this area for years to come. *Graduate*
