Edgington,2011-01-01 Six thousand people died and hundreds of thousands lost their homes when an earthquake hit Kobe in January 1995 The Hanshin Earthquake was the largest disaster to affect postwar Japan and one of the most destructive postwar natural disasters to strike a developed country Although the media focused on the disaster s immediate effects the long term reconstruction efforts have gone largely unexplored Based on fieldwork and interviews with planners activists and bureaucrats Reconstructing Kobe records the first ten years of reconstruction and recovery and offers detailed descriptions of the geography of crisis and opportunity

Which districts were most vulnerable to the quake and why Did planners successfully exploit opportunities to revitalize the city and make it more sustainable and disaster proof David Edgington s intricate investigation of one of the largest redevelopments in recent history offers a compelling post disaster case study for planners and policy makers and is essential reading for students and scholars of Japanese urban and planning history

Sugar and the Indian Ocean World Norifumi Daito, 2024-07-11 Tracing the history of the sugar trade and its consumption in the Persian Gulf during the 18th century this book explores the interplay of social economic and political interests created by this popular commodity The study of sugar has until now focused mainly on its significant growth in European markets from the mid 17th century and more recently parallel developments in East Asia In this book Daito shows how the sugar trade also developed in and became important to the Indian Ocean World Studying how the consumption of sugar wavered after the brutal overthrow of the Safavid dynasty in 1722 this book shows how the Dutch East India Company and the trading network responded to political upheavals in the region and consequently the changing trading conditions Arguing that sugar continued to be imported and consumed despite these political disturbances **Sugar and the Indian Ocean World** proves this was not a period of economic stagnation for the region and shows how sugar became an important intersection between socio cultural practices and the Indian Ocean economy
