Gilles Rouet, 2015-03-01 Au sein de l'UE tats et marchés s'articulent dans une économie devenue mixte Dans ce contexte la question de l'organisation des services publics et de la participation des citoyens est fondamentale comment faire au mieux au plus près des besoins et en fonction des budgets disponibles Il s'agit de trouver les voies d'une légitimation des choix entre accès et qualité de donner les moyens aux bénéficiaires de devenir acteurs et responsables et d'organiser une participation citoyenne la production et la distribution des services publics **Revisiting EU-Africa Relations in a Changing World** Fargion, Valeria, Gazibo, Mamoudou, 2021-09-07 This timely book explores the current state of EU Africa relations from a multidisciplinary perspective placing emphasis on recent developments in five areas that are crucial for EU Africa relations development cooperation trade migration security and democratization It considers how Africa's dependence on the EU has decreased due to the declining importance of development cooperation and increasing cooperation with emerging powers notably the BRIC nations , **Chapitre 5 - L'espace public, tout contre le transport ?** Antoine FLEURY, Jean-Baptiste FRÉTIGNY, 2024-03-13 Les auteurs explorent l'espace public en tant qu'il a historiquement placé tout contre le transport dans une relation faite d'interdépendance et d'ambivalence Ce chapitre propose de repenser la place du transport dans le cadre plus large du partage des lieux où il se déploie Mots clés partage de l'espace usages reconquête de la voirie justice sociale non humain DOI 10.51926/ISTE.9174.ch5 **La rue et l'e-rue** Petia Gueorguieva, Anna Krasteva, 2015-10-01 En quelques années les mobilisations protestataires dans la rue comme sur les réseaux sociaux se sont banalisées travers le monde Cette e-rue s'est affirmée comme lieu et moyen pour le citoyen ordinaire de diffusion d'opinions et d'appels protestataires devenant ainsi une plateforme de mobilisations Ce volume enrichit les analyses des protestations civiles et articule des analyses des exemples récents en Bulgarie Roumanie Turquie Maroc Chine et Italie **The Commons** Stéphanie Leyronas, Benjamin Coriat, Kako Nubukpo, 2023-06-21 The Commons explores the many forms of development being championed by Africa's residents users and citizens In addition to managing property and shared tangible and intangible resources collectively communities are experimenting with a concept of commoning founded on values such as community engagement reciprocity and trust In practice their approach takes the form of land based commons housing cooperatives hybrid cultural spaces or places for innovation and collaborative digital platforms The purpose of this book where observation of historical and recent practices converges with new theories within commons scholarship is not to promote commons themselves Rather it examines the tensions drivers of change and opportunities that surround commons dynamics in Africa This book highlights the abundance of commons based entrepreneurial processes in Sub Saharan Africa and shows that partnerships between African public authorities and communities involved in the commons can be powerful drivers of sustainable development for the continent Deliberative Democracy and Ecological Transition Dimitri Courant, Bernard Reber, 2025-07-29 Democracies are struggling to respond to the climate crisis One

promising approach to the ecological transition is based on innovations involving panels of citizens drawn at random. Many countries have experimented with this form of deliberative democracy at national and local levels. These citizens assemblies formulate public policy proposals. The French Citizens Convention for Climate is the largest in terms of size, duration and mandate. Thanks to a multi-disciplinary field survey involving around twenty researchers, this book provides an understanding of the complexity of this experience from several angles: procedures and processes, the identity and roles of its members, relationships with expertise and representatives, evaluation and comparison with other cases. Deliberative Democracy and Ecological Transition plays an important role in reflecting on an original practice of democratic innovation and its potential for fair governance of climate policies.

Mobilisations citoyennes dans l'espace public Gilles Rouet, 2014-01-01. Les manifestations citoyennes dans l'espace public organisées parfois spontanément ou bien utilisant les réseaux sociaux s'accompagnent souvent d'une dé marche esthétique dans les rues ou les places devenues le cadre de réalisations picturales théâtrales etc. Cet ouvrage analyse cette tendance à partir d'exemples italiens, chiliens, slovaques et surtout bulgares. Bulgare car des manifestations quotidiennes ont eu lieu sans interruption pendant plus de 160 jours à partir de juin 2013.

Growing Democracy in Africa Mamoudou Gazibo, J. Oloka-Onyango, 2016-02-08. What is the state of governance in sub-Saharan Africa? Is it possible to identify the best practices and approaches to establishing political systems that promote accountability, transparency, peace and civic space for all? These are the questions addressed in this book. While the concept of governance is considered to be central to political science, our understanding of it is still imprecise with extant studies focused primarily either on think tank indicators, economic management or political studies of democratization. This book critically examines the record on democratization in Africa thus far and seeks a new integrated, focused approach to the study of governance. Such an approach requires revisiting the concept of governance itself with emphasis on certain decisive components and critical issues. Considered in a democratic framework, the concept of governance can be employed to cast light on accountability issues in several arenas, four of which are considered in detail in this volume: institutions and the rule of law, constitution making, elections and political conflict, settlement, distribution of power and citizenship, and political economy and corruption. Each contribution offers particular insights in one of these arenas. With a huge and varied continent in rapid flux, to study the sheer amount and variety of interesting new research is enormous. It is expected that the discussions contained herein and the various challenges, achievements and lessons outlined will contribute to research, inform teaching and lead to a greater understanding of the issues of democratic consolidation and economic development in Africa.

Mobilisation du droit et la protection des collectivités... Collectif, 2013-05-22T00:00:00-04:00. Les contributions qui composent cet ouvrage explorent les possibilités offertes par le droit pour protéger et promouvoir les intérêts des collectivités en situation minoritaire et pour réguler les rapports entre celles-ci et les groupes majoritaires. Réunis en mai 2010 lors du colloque international organisé par le Centre de recherche interdisciplinaire sur la diversité au Québec CRIDAQ, les auteurs ont suggéré différentes façons de relever l

imposant d'offrir une cohabitation harmonieuse entre tous les citoyens de l'état pluriel **Le mouvement civil au Liban. Revendications, protestations et mobilisations associatives dans l'après-guerre**, 2006-10-01 Observateur engagé l'auteur étudie l'essor prometteur des associations civiles et les nouvelles dynamiques dont elles sont porteuses sur la scène libanaise. À la lecture des développements sans complaisance qu'il consacre leur fonctionnement interne et aux interactions entre les mouvements sociaux qu'elles organisent et les acteurs politiques on sent la rigueur lucide de celui qui a payé toutes les illusions meurtries de ses ans ***Diplomatie plurielle : acteurs et enjeux*** Radovan Gura, Gilles Rouet, 2018-09-21 De nouveaux acteurs en particulier non étatiques sont apparus dans les relations internationales et ont développé des activités diplomatiques d'un genre nouveau avec une diversité d'enjeux. Pour la diplomatie régionale il faut désormais naviguer dans un contexte informationnel nouveau composer avec d'autres acteurs et investir d'autres champs dans le cadre d'une diplomatie globale mais dont la fragmentation rend plus difficile la mise en cohérence. Comment cette diplomatie plurielle fonctionne-t-elle comment les différents acteurs interagissent-ils ***Art et innovation sociale*** Eric Agbessi, 2021-04-15 Comment l'art contribue-t-il non seulement à la réduction de l'incommunication mais participe-t-il aussi à la construction de communs conduisant une innovation sociale indispensable à la croissance ou au développement de nos sociétés. La question centrale de cet ouvrage est abordée au travers des sciences de l'information et de la communication dans un cadre civilisationnel recroisant le lien entre l'Afrique, l'Amérique et l'Europe pour mieux comprendre la façon dont le concept de diversité a évolué depuis la Renaissance de Harlem dans les années 1920 ou la suite de la décolonisation des empires français et britannique et du mouvement américain de lutte pour les droits civiques des années 1960 ***Pratiques du soft power*** Radovan Gura, Gilles Rouet, 2019-10-07 L'expression soft power s'est imposée pour désigner des diplomaties d'influence douces a priori non coercitives. Pour autant la formule connaît des acceptions assez diverses d'un sens assez étroit de diplomatie d'influence toujours régionale jusqu'à l'ensemble très disparate de toute pratique diplomatique non militaire. Cet ouvrage passe en revue le soft power des États de l'UE des entreprises ou d'autres types d'organisations qui en particulier utilisent des évolutions sociales dans leur politique étrangère. Cette diversité de pratiques renforce la pertinence de la question des diplomaties d'influence mais finalement pour quels intérêts ***Les Entreprises et l'intégration européenne*** Gilles Rouet, 2016-04-15 Cet ouvrage propose des zooms sur plusieurs pays membres de l'UE sur des secteurs bancaire agroalimentaire automobile public des fonctions managériales marketing GRH et des stratégies nationales organisationnelles ou encore individuelles pour susciter réflexions et analyses sur une problématique à la fois très vaste et assez peu étudiée ***Mobilisations citoyennes dans l'espace public***, 2013 Les manifestations citoyennes dans l'espace public organisées parfois spontanément ou bien utilisant les réseaux sociaux s'accompagnent souvent d'une démarche esthétique dans les rues ou les places devenues le cadre de réalisations picturales théâtrales etc. Cet ouvrage analyse cette tendance récente à partir d'exemples italien chilien slovaque et surtout bulgare.
