

In the calculations for determining an optimal membership level, Blutarsky regards price as fixed; therefore, $P = MR = \$2,500$. Before considering the effects of any agreement with the neighboring club, Blutarsky projects total and marginal cost relations during the coming year to be as follows:

$$TC = \$3,500,000 + \$500Q + \$0.25Q^2$$

$$MC = \Delta TC / \Delta Q = \$500 + \$0.5Q$$

where Q is the number of DAC members.

A. Before considering the effects of the proposed agreement with the neighboring club, calculate DAC's optimal membership and operating surplus levels.

B. Calculate these levels under plan A.

C. Calculate these levels under plan B.

P2.8 SOLUTION

A. Set $MR = MC$ and solve for Q to find the operating surplus (profit)-maximizing activity level:

$$MR = MC$$

$$\$2,500 = \$500 + \$0.5Q$$

$$0.5Q = 2,000$$

$$Q = 4,000$$

$$\text{Surplus} = P \times Q - TC$$

$$= \$2,500(4,000) - \$3,500,000 - \$500(4,000) - \$0.25(4,000^2)$$

$$= \$500,000$$

This is a profit maximum because surplus is decreasing for $Q > 4,000$.

B. When operating costs increase by \$100 per member, the marginal cost function and optimal activity level are both affected. Under plan A set $MR = MC + \$100$, and solve for Q to find the new operating surplus (profit)-maximizing activity level.

Fundamentals Of Managerial Economics 9th Edition Answers

John Vail Farr, Isaac J. Faber

Fundamentals Of Managerial Economics 9th Edition Answers:

Key Tools for Human Resource Management (Collection) Steven Director, Wayne Cascio, John Boudreau, 2013-08-08
HR managers are under intense pressure to become strategic business partners. Many unfortunately lack the technical skills in financial analysis to succeed in this role. Now respected HR management educator Dr. Steven Director addresses this skill gap head-on. Writing from HR's viewpoint, Director covers everything mid-level and senior-level HR professionals need to know to formulate, model, and evaluate their HR initiatives from a financial and business perspective. Drawing on his unsurpassed expertise working with HR executives, he walks through each crucial financial issue associated with strategic talent management, including the quantifiable links between workforces and business value, the cost-benefit analysis of HR and strategic financial initiatives, and specific issues related to total rewards programs. Unlike finance books for non-financial managers, *Financial Analysis for HR Managers* focuses entirely on core HR issues. More than ever before, HR practitioners must empirically demonstrate a clear link between their practices and firm performance. In *Investing in People*, Wayne F. Cascio and John W. Boudreau show exactly how to choose, implement, and use metrics to improve decision making, optimize organizational effectiveness, and maximize the value of HR investments. They provide powerful techniques for looking inside the HR black box, implementing human capital metrics that track the effectiveness of talent policies and practices, demonstrating the logical connections to financial and line of business, and using HR metrics to drive more effective decision making. Using their powerful LAMP methodology (Logic, Analytics, Measures, and Process), the authors demonstrate how to measure and analyze the value of every area of HR that impacts strategic value.

Managerial Economics (Analysis of Managerial Decision Making), 9th Edition Ahuja H.L., 2022. Widely acknowledged, this popular and detailed text is a comprehensive treatise on Managerial Economics, both micro and macro economic aspects. This text ensures a thorough understanding of core concepts before advancing to provide an expanded treatment of topics. It explains the economic environment and the impact on managerial decisions regarding price/output determination in different market structures, followed by an account of the behaviour of individuals under conditions of uncertainty.

The Fundamentals of Management and Their Possible Changes Due to the Impact of the COVID-19 Pandemic Juraj MIŠÚN, Martin NOVYSEDLÁK, Ivana MIŠÚNOVÁ, HUDÁKOVÁ, 2023-09-14

Emergency Management of the National Economy: Volume II: Basic Economics Refresher Notes Industrial College of the Armed Forces, 2024-08-23. The Industrial College of the Armed Forces was established to prepare selected officers of the Armed Forces, both Regular and Reserve, and civilian executives for important managerial positions in time of emergency. Instruction is provided in three forms: 1. resident, 2. correspondence, and 3. traveling lecture teams. The base for all three types of instruction is the same.
