encourage the critical skills and understandings students require to maintain a high level of active engagement in the development of their practice within the health care systems they will work throughout their careers. Meaningful clinical examples combined with critical thinking questions promote reflection and support deeper learning. These examples underscore how putting quality nursing knowledge and skills into practice can mean the difference between patient recovery and independence versus life threatening complications and patient decline. Current research examples encourage students to see the dynamic nature of evidence for nursing practice and gain understanding that ongoing change in practice is the norm and should be embraced. Potter and Perry's Fundamentals of Nursing 4th ANZ edition ebook is supported by the Fundamentals of Nursing clinical skills workbook 2nd edition. The skills in this indispensable workbook are directly aligned to the National Competency Standards for the Registered Nurse for Australia and New Zealand and support the theory and practice of each skill. A mobile study app for iOS called ClinicalCases is also available via the Apple App store for purchase. The ClinicalCases app takes an engaging approach to learning and revision. Students will find it the perfect exam preparation and study tool. It consists of 24 progressive case studies with MCQs and explanations for all answers. It also features over 150 Flash card key terms and a Word game. A great way to learn at your own pace whenever wherever. Elsevier's Evolve platform also offers a wealth of online resources for nursing students and lecturers including an impressive suite of Australian nursing clinical skills videos to be used in conjunction with the text and workbook. These videos are ideal for viewing in class or during independent study and are a valuable tool for revision prior to assessment. Other online resources include PowerPoint presentations, an exam view test bank, critical thinking questions and answers, integrated lesson plans, images, weblinks, and a chapter on the Essentials of Care.

Kozier & Erb's Fundamentals of Nursing Australian Edition Audry Berman, Shirlee J. Snyder, Barbara Kozier, Glenora Lea Erb, Tracy Levett-Jones, Trudy Dwyer, Majella Hales, Nichole Harvey, Lorna Moxham, Tanya Park, Barbara Parker, Kerry Reid-Searl, David Stanley, 2014-12-01. Kozier and Erb's Fundamentals of Nursing prepares students for practice in a range of diverse clinical settings and help them understand what it means to be a competent professional nurse in the twenty first century. This third Australian edition has once again undergone a rigorous review and writing process. Contemporary changes in the regulation of nursing are reflected in the chapters and the third edition continues to focus on the three core philosophies: Person centred care, critical thinking and clinical reasoning, and cultural safety. Students will develop the knowledge, critical thinking and clinical reasoning skills to deliver care for their patients in ways that signify respect, acceptance, empathy, connectedness, cultural sensitivity and genuine concern.

*Clinical Decision Making in Complementary and Alternative Medicine* Matthew Leach, 2010. Clinical Decision Making in Complementary and Alternative Medicine differs from other medical texts by introducing a systematic clinical framework for the practice of complementary and alternative medicine.
