Good S About Math:

The Gaelic-English Dictionary Colin B.D. Mark,2003-09-02 This book fulfils a keenly felt need for a modern comprehensive dictionary of Scottish Gaelic into English The numerous examples of usage and idiom in this work have been modelled on examples culled from modern literature and encompass many registers ranging from modern colloquial speech to more elaborate literary constructions The main contemporary terms and idiomatic phraseology often not available in other dictionaries provide excellent models for easier language learning In addition to the main dictionary the volume contains introductory material providing guidance on using the dictionary spelling and pronunciation There are also twelve useful appendices which cover not only the various parts of speech lenition and proper nouns but also address the more difficult issues of expressing time direction and numerals The clarity of the design and layout of the volume will greatly ease the process of attaining mastery of the Gaelic language

Borrowed Goods Nell Christianson,2014-11-03 An exploration of spiritual growth and untapped potential blending personal history heartfelt insights biblical analysis and a great deal of humor In this inspirational work Nell Christianson reminds us that everything we possess our strengths our intelligence and our worldly goods comes directly from God and if we utilize our talents our lives will have eternal purpose She builds much of her discussion around Matthew 25 14 30 the Parable of the Talents and challenges us to make good choices and use our gifts and talents wisely The book speaks of reward and responsibility *Borrowed Goods* takes you on a prodigal s journey aboard a cruise ship called Earth As a passenger you arrive at your final destination to meet a loving God who wants a personal relationship with you And God a righteous Judge requires accountability when you dock on the other shore Read this to your benefit Learn to deal with life without casting blame or excuses In these pages you will find yourself on every page and be pointed to the only One who can get you through the Lord Jesus Christ Dr Jimmy Carol Ann Draper president emeritus of LifeWay his wife One of the best books I have ever read I believe *Borrowed Goods* will touch the heart of every reader It will be a wonderful Bible study for small groups Reading it gave me a new vision for prayer in my life Sandy Weeks president Stuffing Strut Inc

Educational Goods Harry Brighthouse,Helen F. Ladd,Susanna Loeb,Adam Swift,2018-01-26 An ambitious effort that succeeds in providing a fundamentally new way to talk about and think about policy choices in education Jeffrey R Henig Teachers College Columbia University We spend a lot of time arguing about how schools might be improved But we rarely take a step back to ask what we as a society should be looking for from education what exactly should those who make decisions be trying to achieve In *Educational Goods* two philosophers and two social scientists address this very question They begin by broadening the language for talking about educational policy educational goods are the knowledge skills and attitudes that children develop for their own benefit and that of others childhood goods are the valuable experiences and freedoms that make childhood a distinct phase of life Balancing those and understanding that not all of them can be measured through traditional methods is a key first step From there they show how to think clearly about

how those goods are distributed and propose a method for combining values and evidence to reach decisions They conclude by showing the method in action offering detailed accounts of how it might be applied in school finance accountability and choice The result is a reimagining of our decision making about schools one that will sharpen our thinking on familiar debates and push us toward better outcomes Every education decision maker and every education researcher would benefit from reading this book David N Figlio School of Education and Social Policy Northwestern University Imaginative informative and unfailingly constructive Michael S McPherson co author of Lesson Plan An Agenda for Change in American Higher Education
