STAR Industries is an Australian-owned company that produces, wholesales, and sells high-quality windows and doors for both residential and commercial applications. We distinguish ourselves from lower-quality manufacturers and importers who pursue a low-cost strategy by focusing on high-quality design. We compete in a higher-priced, higher-quality market.

The current Star Industries probationary policies and procedures are quite vague in terms of the processes of performance management, feedbacks and appraisals. Because it is not specific enough, when read through the document, many will have different interpretations of the content. As a result, there will be a possibility of unfair procedures and repercussions.

B) Identify the information sources for human resource data, workforce data and other information.

To attempt research that supports work across the scope of human asset utilitarian regions, coming up next are commonplace sources:

1. Your association's HR information base
2. HR division including staff information and aptitude.
3. The 'organizations' as of now examined previously
4. HR libraries in organizations or HR divisions
5. Government sites like the Australian Bureau of Statistics
