to us through mass media. It is this set of connected narratives that we bring into classrooms and into discussions of educational policy. In this day and time with public education under siege by forces eager to deprofessionalize teaching and transfer public funds to benefit private enterprises, we ignore the dominant discourse about education and the patterns of representation that typify educator characters at our peril. This edited volume offers a fresh take on educator characters in popular culture and also includes important essays about media texts that have not been addressed adequately in the literature previously. The 15 chapters cover diverse forms from literary classics to iconic teacher movies to popular television to rock n roll. Topics explored include pedagogy through the lenses of gender, sexuality, race, disability, politics, narrative archetypes, curriculum, teaching strategies, and liberatory praxis. The various perspectives represented in this volume come from scholars and practitioners of education at all levels of schooling. This book is especially timely in an era when public education in the United States is under assault from conservative political forces and undervalued by the general public. Contributors are Steve Benton, Naeemah Clark, Kristy Liles, Crawley, Elizabeth Currin, Mary M Dalton, Jill Ewing, Flynn, Chad E Harris, Gary Kenton, Mark A Lewis, Ian Parker, Renga, Stephanie Schroeder, Roslin Smith, Jeff Spanke, and Andrew Wirth.

Rationales for Teaching Young Adult Literature Louann Reid, 1999. It takes the human voice to infuse them with the shades of deeper meaning." *On the Same Page* celebrates the use of our voices in shared reading with students to help them gain deeper understanding of the texts we read. If you have enjoyed the increased engagement and motivation that accompany reading with your students and wondered how to extend those benefits throughout the day, this book offers support for using this approach as a foundation for learning across content areas. *On the Same Page* explores the use of shared reading as an instructional approach for readers and writers at all levels of language proficiency. Janet Allen provides research, resources, practical ideas, and strategies for building from shared reading to increase students' literate experiences in a variety of curricular and instructional areas: strategic reading and comprehension, building background knowledge for content literacy, personal, academic, and public writing, transitions to independent reading, community knowledge, and literature circles, increased vocabulary, modeled fluency. *On the Same Page* is enriched with a wide range of student work as well as extensive appendices of additional resources, graphic organizers, suggested reading lists, and teaching guides for implementation of shared reading in your classroom. **What Do Young Adults Read Next?** Pam Spencer, Pam Spencer Holley, 1994.
