The Trouble with Africa Vic Guhrs,2012-09-28 German born artist Vic Guhrs came to Africa at the age of twenty two to fulfil his boyhood dream of a life in wild places among wild animals He lived for twenty five years in an isolated bush camp in the Luangwa Valley in Zambia and knows that despite its paradoxes and its mysteries he can never leave Africa The trouble with Africa he says is that once it is in your blood like malaria it is almost impossible to get rid of And the trouble with Africa is also the trouble with those of us who settle here as long as we insist on judging it from a Western perspective we will be the outsiders we will be forever baffled by it The complexities of African attitudes that seem to confound us are perhaps not so
