5m Books **Into Abyssinia** Carl E. Hansen, 2023-03-29 In this autobiographical book the author gives an informative and lively account of the first eight years of his and his family's living and serving in pre revolutionary feudal Ethiopia It is a story of adventure as a novice missionary couple learns and adapts to a vastly different culture while raising a family in the less developed hinterlands The events take place from 1967 to 1975 a pivotal time in Ethiopia's history a time marked by growing discontent with feudalism and the ancient imperial regime that supported it It was a time of growing turmoil that in the midst of drought and famine spilled over into an armed revolution a time when ignorant men with guns over powered the best minds and forced a tradition bound society to join in a bloody experiment with radical socialism It was a time when the slow and difficult years of missionary effort in planting the seeds of the Christian gospel began to sprout and take root and grow into what would become a mighty movement of transformation in that society
