Le Spiritisme Devant La Science:

Le spiritism devant la science Gabriel Delanne,1904 *Le spiritisme devant la science* Joseph Grasset,1904 *Le Spiritisme Devant La Science* Joseph Grasset,2023 *Le Spiritisme devant la science* Gabriel Delanne,1885 *Rachilde and French Women's Authorship* Melanie Hawthorne,2001-01-01 Under the assumed name Rachilde Marguerite Eymery 1860 1953 wrote over sixty works of fiction drama poetry memoir and criticism including *Monsieur V nus* one of the most famous examples of decadent fiction She was closely associated with the literary journal *Mercure de France* inspired parts of Oscar Wilde s *The Picture of Dorian Gray* and mingled with all the literary lights of the day Yet for all that very little has been written about her Melanie C Hawthorne corrects this oversight and counters the traditional approach to Rachilde by persuasively portraying this eccentric as patently representative of the French women writers of her time and of the social and literary issues they faced Seen in this light Rachilde s writing clearly illustrates important questions in feminist literary theory as well as significant features of turn of the century French society Hawthorne arranges her approach to Rachilde around several defining events in the author s life including the controversial publication of *Monsieur V nus* with its presentation of sex reversals Weaving back and forth in time she is able to depict these moments in relation to Rachilde s life work and times and to illuminate nineteenth century publishing practices and rivalries including authorial manipulations of the market for sexually suggestive literature The most complete and accurate account yet written of this emblematic author Hawthorne s work is also the first to situate Rachilde in the broader social contexts and literary currents of her time and of our own *Secular Spirituality* Lynn L. Sharp,2006-01-01 *Secular Spirituality* challenges the traditional dichotomy between Enlightenment reason and religion It follows French romantic socialists and spiritists search for a new spirituality based on reincarnation as a path to progress for individuals and society Leaders like Allan Kardec argued for social reform spiritist groups strove for equality and women mediums challenged gender roles Lynn L Sharp looks closely at what it meant to practice spiritism analyzing the movement s social and political critique and explaining the popularity of the new belief She explores points of convergence and conflict in the interplay between spiritism and science spiritism and psychology and spiritism and the Catholic church to argue that the nineteenth century was not as disenchanted as has been thought *Secular Spirituality* successfully places spiritism within a larger cultural conversation going beyond the leaders of the movement to look at the way spiritism functioned for its followers , **Index Medicus** ,1903 *Revue générale* ,1903 **A Most Dangerous Method** John Kerr,1994-08-02 Has all the elements of a juicy novel riveting Reudite and elegant Newsday NOW A MAJOR MOTION PICTURE Directed by David Cronenberg and starring Keira Knightly Viggo Mortensen Michael Fassbender and Vincent Cassel In 1907 Sigmund Freud and Carl Jung began what promised to be both a momentous collaboration and the deepest friendship of each man s life Six years later they were bitter antagonists locked in a savage struggle that was as much personal and emotional as it was theoretical and professional Between them stood a young woman

named Sabina Spielrein who had been both patient and lover to Jung and colleague and confidante to Freud before going on to become an innovative psychoanalyst herself With the narrative power and emotional impact of great tragedy A Dangerous Method is impossible to put down **Psychological Index** ,1904 **Do the Dead Live?** Paul Heuzé,1923 **Mystical Phenomena Compared with Their Human and Diabolical Counterfeits** Albert Farges,1926 The Psychological Index ,1904 **Revue spirite** ,1874 *Approaching Hysteria* Mark S. Micale,2019-01-15 Few diseases have exercised the Western imagination as chronically as hysteria from the wandering womb of ancient Greek medicine to the demonically possessed witch of the Renaissance from the vaporous salong women of Enlightenment Paris through to the celebrated patients of Sigmund Freud with their extravagant erotically charged symptoms In this fascinating and authoritative book Mark Micale surveys the range of past and present readings of hysteria by intellectual historians historians of science and medicine scholars in gender studies art history and literature and psychoanalysts psychiatrists clinical psychologists and neurologists In so doing he explores numerous questions raised by this evergrowing body of literature Why in recent years has the history of hysterical disorders carried such resonance for commentators in the sciences and humanities What can we learn from the textual traditions of hysteria about writing the history of disease in general What is the broader cultural meaning of the new hysteria studies In the second half of the book Micale discusses the many historical cultures of hysteria He reconstructs in detail the past usages of the hysteria concept as a powerful descriptive trope in various nonmedical domains including poetry fiction theater social thought political criticism and the arts His book is a pioneering attempt to write the historical phenomenology of disease in an age preoccupied with health and a prescriptive remedy for writing histories of disease in the future Mark S Micale is Assistant Professor of History at Yale He is the editor of *Beyond the Unconscious* Essays of Henri F Ellenberger Princeton Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Spiritism and Insanity Marcel Viollet,1910 **Pacific Medical Journal** ,1909 **Index Medicus. Second Series** ,1903 Le Spiritisme Devant La Science.
