#### Discussion Questions

This week Doug, one of our regular Celebrate Recovery teachers, shared a message on Principle 5 (Step 5). He talked about the link between character defects and behavior. You can use the following questions to grow in your recovery through personal reflection and/or discussion with your open share group, sponsor or accountability partner:

1. When tempted, what are the signs and symptoms that press you to act out on your habits and addictions?
2. What defining life moments may have imprinted fear or hurt or conditions in your life?

**Why Can't Church Be More Like an AA Meeting?** Stephen R. Haynes, 2021-10-26 Do Christians need recovery Or is recovery something needed by the church itself Addiction whether to a substance or to a behavior is a problem within faith communities just like it is everywhere else But because churches are rarely experienced as safe places for dealing with addiction co addiction or the legacy of family dysfunction Christians tend to seek recovery from these conditions in Twelve Step fellowships Once they become accustomed to the ethos of vulnerability acceptance and healing that these fellowships provide however they are often left feeling that the church has failed them with many asking why can't church be more like an AA meeting Inspired by his own quest to find in church the sort of mutual support and healing he discovered in Twelve Step fellowships Stephen Haynes explores the history of Alcoholics Anonymous and its relationship to American Christianity He shows that while AA eventually separated from the Christian parachurch movement out of which it emerged it retained aspects of Christian experience that the church itself has largely lost comfort with brokenness and vulnerability an emphasis on honesty and transparency and suspicion toward claims to piety and respectability Haynes encourages Christians to reclaim these distinctive elements of the Twelve Step movement in the process of recovering church He argues that this process must begin with he calls Step 0 which as he knows from personal experience can be the hardest step the admission that despite appearances we are not fine
