

LEADERSHIP ACTION PLAN

GOALS	EXPECTED OUTCOMES	REFLECTION
<p>1. To develop the senior syndicate as a team that work well together where each member knows their role and performs tasks according to the team's shared vision.</p>	<ul style="list-style-type: none"> • Team to establish a shared vision including roles and expectations • Reach the PERFORMING stage of Tuckman's Grouping leadership model • Teachers within the team completing tasks willingly 	<p>Changes in team personnel has meant that some members have had to step up regardless of this goal. This has allowed us to explore roles and expectations in a more authentic context in when the need as actually presented itself.</p> <p>However, we have not reached the Performing stage as a team. Creating a vision for our syndicate team was an interesting exercise. I used a PMI to gather information from the team members.</p> <p>Things are going to change dramatically for my syndicate team in 2011. There could be 3 changes in staff members and we will definitely have new staff coming in.</p>
<p>2. To share leadership capability within the cluster</p>	<ul style="list-style-type: none"> • Distribute and grow leadership within the team • Present at Ulearn conference 	<p>Convincing a group of lead teachers to present at Ulearn was one of the best things we have done together during the 3 years on the contract. It allowed us to evaluate how far we have come and share our newly learnt skills with a greater audience. It built the relationship stronger between the lead teachers who took part. Sharing at Ulearn has opened my eyes to the true nature of collaboration. The wiki we created is gaining international awareness and we have people joining and adding to the resources all the time. Collaboration with like-minded people has meant that I have now joined Twitter and contribute to wikis and blogs rather than just view them. This is a step in the right direction as I look to open the web2.0 world for other teachers at my school.</p>
