These findings, as discussed above, are very encouraging, particularly since the results are not statistically significant across all countries. In fact, the results are more encouraging for the United States and Germany than for the other countries. This may be due to the fact that the United States and Germany have a long history of using the Internet for business purposes, and this may have led to the more positive results.

8. Explain the significance of Taylor's conclusion about the uncertainty of what they could achieve, and compare it with:

It is notable that none of the respondents of these institutions listed as clearly providing the other 10 institutions. Significantly, respondents, furthermore, do not seem that training on community health care is a common feature of training. It should also be noted that when asked to indicate the subjects most important to them, only 10% of the
